COVID-19 DIAGNOSTIC TESTING

DATE: Saturday, May 9, 2020 and Saturday, May 16, 2020
TIME: 9 AM to 4 PM
PLACE: COMMUNITY HEALTH CENTER OF NIAGARA
2715 Highland Avenue
Niagara Falls, New York
CONTACT: Karla Thomas – (716) 400-1817

Our medical mobile unit will be parked in our parking lot at 2715 Highland Avenue. This is a drive-up testing experience; however, walk-ups are welcome and will be tested as well.

If you are experiencing fever, a dry hacking cough, chills, body aches, light head or dizziness, extreme fatigue, shortness of breath, or have been exposed to someone who has tested positive, you may have COVID-19. Don't mistake these symptoms for the common flu. Come and get tested by our licensed medical professionals.

You must have a prescription from your primary provider to be tested. If you don't have a primary provider or have no insurance, we can still help you. **Call (716) 986-9199**, ext. 5907 to schedule a COVID-19 diagnostic test today!
