## City of Lockport, New York

**FY 2021 Annual Operating Budget Appropriation** 

#### A Note from the Director of Finance:

I am pleased to present to you the FY 2021 City of Lockport, NY Annual Operating Budget. The appropriation this year is the result of many hours of dedication and hard work by countless people, including the Mayor, the Administration, and the Common Council.

This budget is a very unique document. As with many other municipalities, COVID-19 has had tremendous impacts on some of our most substantial revenues sources, including sales taxes and State aid. In FY 2020, the City made large strides to minimize spending by implementing a number of strategies, including mid-year budget reductions, austerity spending, a hiring freeze, and concentrated financial analysis of key fiscal determinates. With data on the impact of COVID-19 on the City's finances on hand, this budget was created as a strategic and direct response to the pandemic.

With a limited number of resources, this budget posed difficult decisions to City management and leadership. With limited knowledge of exactly where COVID-19 conditions will take us next year, the Mayor and the Common Council made decisions based off of expected estimates and projections. As you will notice, the FY 2021 appropriation contains some different figures from the FY 2021 Mayor's Recommended Budget. The Common Council made alterations to various aspects of the budget, including the property taxes, fund balance usage, and line item reductions.

Decisions regarding this budget all relate to a delicate balance between quality of services, citizen tax burden, and the City's financial security. With revenues and resources declining in FY 2021, decision-makers had to assess which of these values have more importance to them and make decisions appropriately. This document is the end result of the budget process this year, and contains a slight increase in property taxes (more detail on page 13), reductions to spending and services, and mild usage of fund balance.

I want to thank everyone's hard work in the budget process this year! While there were many difficult decisions made by all parties, I am so pleased that everyone showed such a high level of commitment and passion to the City of Lockport.

Thank you,

Tim Russo
City of Lockport Director of Finance

## **Budget Narrative**

#### Introduction / How to Read this Budget

Thank you for taking time to look into the City of Lockport's annual budget! This section will provide a beginner's understanding to the City's budget and financial structure. If you are curious about public finances and budgeting, I encourage you to look into the NYS OSC for more details and resources.

The City has a number of distinct funds which each house individual departments. For example, the water fund houses the Water Administration Department as well as Water Distribution while the sewer fund houses the Wastewater Treatment Department. The primary fund of any government is typically the general fund, which houses many of the common governmental departments such as fire, police, public works, and administrative departments.

Each year, the City must produce a balanced budget, that is, a budget that is structurally sound and has revenues or fund balance match expenditures for each fund. Revenue, or income, is what the City receives in cash or receivables from a number of methods. This can be from bills and fines, property and sales tax, or even from external parties such as the State or Federal government. Expenditures are costs that the City expects to require for operations. When the City ends one year with greater revenue than they had expenditures, that typically means that they increase their fund balance, which is similar to a large savings account for emergencies or one-time purchases. Each municipality commonly has a fund balance policy that dictates how big the fund balance should be. Our City's general fund balance policy, for example, requires 17% of unrestricted fund balance.

While it may sound beneficial to have as large of a fund balance as possible, having an excessive fund balance can actually be an issue. This typically means that the municipality has potentially overtaxed it citizens for revenue that is exceeding their expenditures. Excessively hoarding tax-payer money is misuse of public funds. As a result, some municipalities make plans to spend excess fund balance on one-time costs or capital funds when their balance exceeds a certain threshold as opposed to building an oversized fund balance.

The following reports shows a multitude of perspectives on our past, current, and future spending. If you're curious about what a certain department does and what kind of responsibilities they have, please reference the budget proposal by department section to see a mission and responsibilities page for each budgeted department.

#### **Impact of COVID-19 and Fund Balance Utilization**

COVID-19 has had a monumental impact on the finances and operations of the City of Lockport. To counter lower sales tax and the possibility of reduced State Aid, the City made efforts to make almost \$1 million in general fund reductions in April of 2020. A high amount of retirements also caused the City to make a second round of reductions to help reduce the impact on the general fund balance. We will continue to monitor and make adjustments to reductions as needed as we finish FY 2020.

In FY 2021, the City is budgeting for a 10% reduction of sales taxes and a 20% reduction to our State aid, in addition to reductions to many other departmental revenue lines.

The City is fortunate to be in a healthy condition for our three primary funds, general, water, and sewer. Recent contributions to unreserved fund balances in recent years as the results of one-time grants, vacancies, and turnover, and conservative budgeting styles has allowed the City to have a substantial fund balance reserve exceeding the minimum amount dictated by City policy. As a result, while we are anticipated lower revenues in FY 2021, the administration is actively choosing to minimize the impact on the taxpayers by 1) not increasing the property tax levy to the full amount as defined by New York State, 2) making larger operating reductions to keep new costs within a reasonable operating budget forecast, 3) not increasing fees or rates associate to water, sewer, or garbage and refuse, and 3) using fund balance in FY 2021's appropriation.

The use of fund balance in this proposed budget exist in two funds, the general fund and the health insurance fund. The general fund balance appropriation is proposed to be\$458k, and is recommended to be used to offset a possible 20% reduction in State Aid and Incentive to Municipalities (AIM) NYS aid (the budgeted 20% reduction to this revenue line item in FY 2021 amounts to \$530k). We believe that this one-time appropriation of the fund balance is beneficial to tax-payer's and considerate of the City's financial standing.

The second use of fund balance, in the health insurance fund, is to offset a slight increase in health premiums. In FY 2019, the City contributed excess funds into the health insurance fund balance amounting to \$111k to a total fund balance of \$1.5 million. To offset a projected 2% increase in health premiums, the City utilized around \$100k in appropriated fund balance to maintain current premiums for FY 2021. In FY 2022, the City premiums will increase to account for both FY 2021 and FY 2022 increases, to avoid overuse of the fund balance in future years.

#### **Personnel Budgeting**

The City of Lockport, NY has six union contract agreements, each with their own set of established guidelines and benefits. These contracts include: CSEA, AFSCME, Hickory Club (Police), LPFFA (Fire), Department Head, and Unrepresented Employees.

The FY 2021 Mayor's Recommended budget contains all mandated costs associated to our current union contracts. The includes each employee progressing to their following step (if applicable), cost of living adjustments (COLAs), longevity distributions, and tool and clothing allowances. Outside of normal step progressions, the following adjustments were provided to associated employees:

- LPFFA (Fire) 1.5% COLA applied January 1st, 2021
- Hickory Club (Police) 2.0% COLA applied January 1st, 2021
- Department Head 2.0% COLA applied January 1st, 2021

The FY 2021 budget contains funding for 4 additional firefighter position, which is the result of recent arbitration that required the City to staff 12 additional firefighter positions. The Mayor's Recommended budget proposed to hire 4 in FY 2021, with an implied 4 additional positions in each FY 2022 and FY 2023 until the City has phased in all 12 positions.

The additional contingent appropriation in the Mayor's Recommended Budget proposal contains funding for 8 additional firefighter positions if the City is awarded the SAFER grant from FEMA. This funding would allow the City to rehouse ambulatory services. The City did not recieve this award in FY 2020 for FY 2021.

A new addition to this year's personnel budget is the inclusion of a budgeted line item for turnover. When the City has vacant positions, we experience savings associated to that position's wages and fringe benefits. Typically, the City experiences relatively large savings associated to vacancy and turnover. In FY 2018, the City's general fund budget for full time wages had excess funds in the amount of 3.99%. In FY 2019, this increased to 4.86%. To provide greater accuracy in our personnel budgeting, as well as to alleviate some of the general fund budget, we introduced a negative budgeted line item to account for this anticipated savings. In FY 2021, we budgeted for a 2.75% savings to all general fund full time wages. This line item is found in "Additional and Other Compensation" in the Employee Benefits department.

#### **Personnel Budgeting (Continued)**

Additionally, 1 new position was added in for an IT specialist to lead the City's information technology department and initiatives. This will be a critical position, as IT needs and requirements in local municipalities is becoming more and more important.

The FY 2021 budget also support the movement of positions within and between departments, namely in support of the public works division in the City. This proposed alteration would allow the Director of Public Works to have direct supervision over three supervisors, each who have distinct areas of work and expertise. This will streamline the public works division of the City and help provide efficiencies such as reduced overtime costs and clearer responsibilities, accountability, and oversight.

Finally, the budget contains additions to mandated fringe benefits such as medical insurance contribution, worker's compensation, and retirement rates. The New York State and Local Retirement System (NYSLRS) announced increased employer contributions for FY 2021. For ERS, this changed from 14.6% to 16.2%, and for PFRS, the change was from 24.4% to 28.3%.

#### **Changes in Spending Patterns**

As you'll notice, this budget contains large reductions to many line items. While our goal was to minimize the impact on the general fund balance, we still intend to provide the City with excellence in services. As such, we aimed to be strategic in where we posed larger reductions.

Administrative departments have proposed reductions to many and most excess line items outside of basic supplies and professional services. These items are typically required to perform basic administrative functions and anything in excess was reduced to zero.

In fire and police, our goal was to provide support for equipment and supplies while also reducing the budget to reflect prior year spending patterns. In doing so, we hope that the reductions have a minimal impact on everyday operations, safety, and protection. In addition to the 4 new firefighter positions in the fire department, the police department contains funding for new training initiatives. This includes (but is not limited to) diversity training, implicit bias training, and mental health training.

Maintenance and public work departments have also been minimized to reflect prior year spending patterns as well. Reductions were made to potential new improvements, as they can be deferred until a later point. Without additional funding from external sources (Federal or State), we are limiting maintenance and public works funding to cover basic functions without too much room for vast improvements to service compared to FY 2020.

This proposal includes continued fleet upgrades for public works and the police. Three new vehicles are to be replaced in public works and replaced with leased vehicles, while five vehicles are to be replaced in the police department, including the K9 interceptor vehicle.

There are three new capital budget proposals including in this operating budget. These include IT infrastructure improvements, water infrastructure improvements, and sewer infrastructure improvements. These three capital projects are unique for the City in that they will be on-going projects that are annually supported with operating funds.

The intent of these three capital funds is to build a reserve of funds designated specifically for infrastructure improvements for the City. The funds do not have to be used in their entirety in one year, rather, the annual contributions will carry forward into future years, allowing us to build a reserve for larger out-year purchases. This will allow us to have more flexibility with our infrastructure capabilities, and as such, to have greater efficiencies with our systems and services.

#### FY 2021 Operating Budget and Property Taxes

With a .53% decrease in the City's levy from \$13,044,256 in FY 2020 to \$12,974,816 in the appropriated FY 2021 budget, the City's tax rate per thousand dollars of assessed value would increase from \$18.6676 to \$18.6748. This is a .04% increase from FY 2020, the smallest percentage increase that the City has experienced in property taxes since 2013. The below exhibit shows the total assessed City value, the City levy, and finally, the tax rate per thousand for 2011 through 2021.

For more information about City property taxes, please refer to the "Real Property Tax Statistics Report," which will be published by the Assessor's Office. This report will provide more detail on collection dates, major employers in the City, and provide a wider range of historic levy detail for the City, School District, and County.

# Finance and Accounting A.1310

#### **Mission Statement:**

The Finance Department strives to help the city make more efficient and effective decisions regarding fiscal and financial management.

#### **Department Responsibilities:**

The City of Lockport Finance team oversees the city's accounts, including accounts payable and regular payroll processing for city employees. The director also handles city budgets and auditing with the New York State Comptroller's Office. The team manages the fiscal budget development and creation and maintains oversight throughout the year to ensure that we have appropriate internal budgetary controls in place.

#### **FY 2021 Goals:**

Our goals for FY 2021 include better documenting financial decisions and processes, making corrective actions regarding audit findings, and helping the City create a more sound financial workflow. We also aim to improve our capability with our New World enterprise system to have better accounting for personnel items such as accruals. We will be working with departments in FY 2021 to initiate performance management initiatives in the City. Finally, we aim to promote healthy financial decisions in light of COVID-19's impact on the City.

## Fire Department A.3410

#### Mission Statement:

The primary mission of the Lockport Fire Department is the preservation of human life through risk reduction and control. The Department serves without prejudice or favoritism, all of the citizens of the City of Lockport by safeguarding collectively and individually, their lives against the fatal effects of fires, explosions, hazardous material emergencies, and other emergencies including, but not limited to, traffic accidents, train wrecks, aircraft crashes, medical emergencies, floods, windstorms, earthquakes, structural collapses, and other natural disasters.

#### **Department Responsibilities:**

Fire suppression is a fundamental responsibility of the Lockport Fire Department and involves limiting the extent and severity of fires, protecting property from fire and associated hazards and controlling and extinguishing fires that occur within City boundaries. The Department also currently provides ancillary pre-hospital emergency medical services (EMS) as an Advanced Life Support-Paramedic level First Response agency and is authorized and recognized by the New York State Department of Health as such.

#### FY 2021 Goals:

- 1. Continue to maintain all current services delivered as safely and efficiently as our staffing levels provide.
- 2. With the purchase of the Lexipol Policy Management program, continue updating, writing and implementing policies that the Department is now and has been very much in need of having put in place.
  - 3. Continue the process of fine tuning the revenue recovery program.
- 4. Assemble an example of a proper fee schedule for our Code Enforcement duties to better maximize revenues related to this work.

#### Control of Dogs A.3510

#### Mission Statement:

Provide continued compassionate enforcement of current ordinances relating to the treatment of animals, and work to eliminate neglect and abuse. Engage the hearts and minds of the community in an effort to help all animals. Work to make sure dog owners are aware of their responsibilities. Continued dedication to solving resident issues with problem dogs and bad owners. Promote spaying and neutering. Enforce laws with discretion and consistency, while showing respect. Also, continued enforcement of licensing, while encouraging dog owners to exercise proper care and control of their dogs.

#### **Department Responsibilities:**

Handle resident complaints and investigate the situation by speaking with dog owners, property owners and neighbors. Enforcement of local laws, as well as Department of Agriculture and Markets laws and policies. Picking up stray dogs and delivering them to the Niagara County SPCA, filling out the necessary paperwork, and setting up the dog's kennel with food, water, and blanket. Checking non-renewed licenses each month, and working to bring those past-due licenses up to date. Issuing appearance tickets, where necessary, and completing the associated paperwork.

#### FY 2021 Goals:

Maintain the status quo. Provide residents with efficient, effective, compassionate dog control.

#### Tourism A.6410

#### **Mission Statement:**

The City of Lockport's mission is to unite the travel industry and advance its positive impact to help people and places thrive.

#### **Department Responsibilities:**

The role of tourism is a combination of marketing, public relations and management. It also involves lots of planning and preparation. Typical responsibilities include: preparing tourist or visitor information, producing promotional materials and displays, managing budgets, market research, maintaining statistical and financial records, coordinating with local businesses and the media, and undertaking day-to-day center management and administration.

#### **FY 2021 Goals:**

Lockport is New York State's premiere Erie Canal community. We will continue to promote the heart of downtown and the Erie Canal Flight of Five Locks. We will continue to create a financial plan for tourism. We will also continue to increase the tourism-related revenues by increasing the number of tourist/visitors and lenght of stay. We will continue to collaberate with the Visitor Center, Lockport Main Street and the Locks Heritage District Corporation to make the City of Lockport the place to visit.

## Community Development A.8021

#### **Mission Statement:**

The mission of the Community Development Department is to develop and implement creative community-based strategies to enhance economic opportunity, build strong neighborhoods, and insure a dynamic framework for quality growth and development.

#### **Department Responsibilities:**

The Community Development Department serves two major functions. The first is making improvements to neighborhoods and housing in the City of Lockport, and the second is to attract new businesses, support existing businesses, and create new jobs. This effort falls squarely on the Director of Planning and Development and is accomplished through a variety of ways.

#### **FY 2021 Goals:**

Continue efforts to improve upon the Home Improvement Program, land bank, vacant lands, the workforce development coalition, and LISC.

## Employee Benefits A.9000

Mission Statement:
This department is a budgeted-only department that houses the general fund's portion of general employee benefits.
Department Responsibilities:
Expenses in this department include HRA contributions, retiree medical insurances (both traditional and Medicare), and the city's obloigatyions to retirement leave buy-outs.

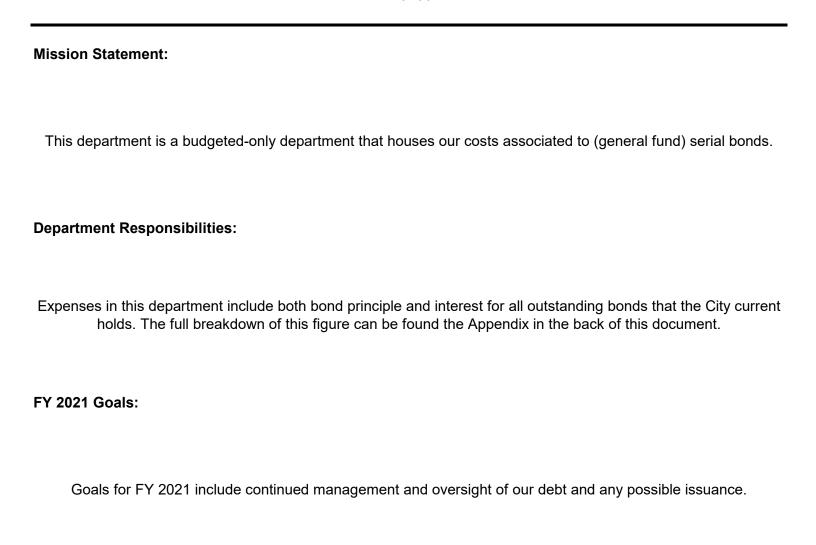

#### **FY 2021 Goals:**

Retirement leave buyout is budgeted at \$500,000 in FY 2021. While it is difficult to measure the exact amount of employees potentially retiring, this figure provides a baseline for the costs as they are expected. The City experienced a larger amount of buyouts in FY 2020, potentially due to COVID-19. It is anticipated that the City does not have as many in FY 2021. This department also houses the City's expected general fund turnover (vacancy savings) budgeted as a negative amount in "Additional and Other Compensation."

#### **Mission Statement:**

The mission of Water Administration is to provide support to the operating divisions of the Department. This includes support of "policy" pursuant to the City Charter and in coordination with other departments whose facilities or personnel may be affected by our operations. We provide professional customer service for all billing and water related inquiries and processes, with accuracy and in a timely manner.

#### **Department Responsibilities:**

Water Administration is responsible for the City's water / sewer meter reading schedule, the billing schedule/ processes, and supervision of the maintenance of accounts and records, in an organized fashion. This may include scheduling work for City Departments outside of Water Administration. The Water Administration office deals directly with the Public, answering billing, service and general questions / concerns.

#### **FY 2021 Goals:**

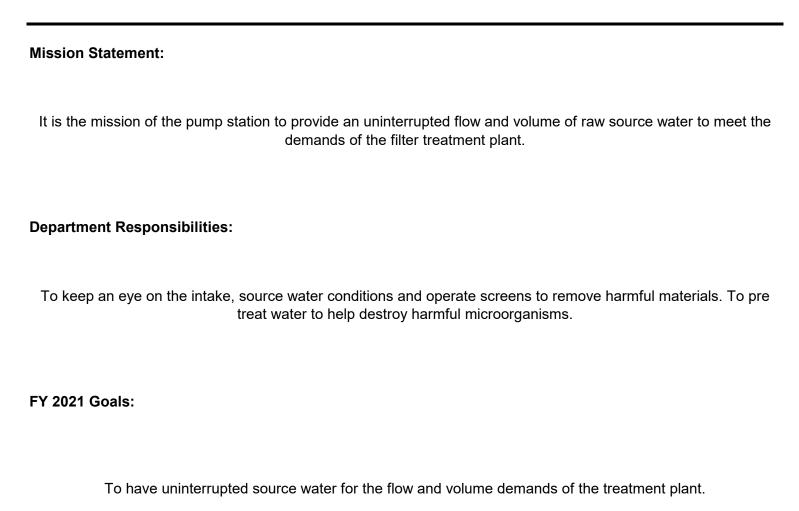

The FY 2021 goals for the Water Administration Department is to complete all requirements for running the department in the most efficient and cost effective manner possible.

## Filtration FX.8330

#### **Mission Statement:**

It is the mission of the water department to provide the highest quality of safe potable water for consumption to the residents served by the City of Lockport. Furthermore, to provide flow and volume of water for fire fighting capabilities, while continually maintaining and improving the water infrastructure at the most reasonable rates.

### **Department Responsibilities:**

Water treatment plant and system operators treat raw water so that it is safe to drink and then is distributed to customers. Raw water undergoes a series of processes that remove or destroy harmful materials and microorganisms. System operators ensure that the purification process goes smoothly and efficiently.

#### **FY 2021 Goals:**

To have uninterrupted water service, meet all flow and volume demands and meet or exceed all Federal, state and local laws and requirements.

## Employee Benefits FX.9000

Mission Statement:
This department is a budgeted-only department that houses the water fund's portion of general employee benefits.
Department Responsibilities:
Expenses in this department include HRA contributions, retiree medical insurances (both traditional and Medicare), and the city's obloigatyions to retirement leave buy-outs.
FY 2021 Goals:
Retirement leave buyout is budgeted at \$20,000 for the fund in FY 2021. While it is difficult to measure the exact amount of employees potentially retiring, this figure provides a baseline for the costs as they are expected. The City experienced a larger amount of buyouts in FY 2020, potentially due to COVID-19.

We are dedicated to providing the highest quality of treated water, meeting all State and Federal parameters, while keeping costs to a minimum.

### **Department Responsibilities:**

Waste water is responsible for treatment of domestic and industrial waste that is in the City's sewer discharge. We also treat some Town of Lockport discharge in addition to septic waste brought to the plant. When these wastes are discharges they must meet stringent government set standards. We also process the sludge, which is generated into compost at our compost plant. This we sell and give away to the public for non-food crop application.

#### **FY 2021 Goals:**

In 2021, we are scheduled to break ground on a Ultraviolet disinfection system for our effluent. This will disinfect without using dangerous chemicals. We will train in its operation and maintenance so that we are ready to start up in 2022.

II	// 15:	SIOL	i Siaiemeni:	

Our mission is to provide dedicated service for the City while keeping operational costs to a minimum.

### **Department Responsibilities:**

Waste water is responsible for treatment of domestic and industrial waste that is in the City's sewer discharge. We also treat some Town of Lockport discharge in addition to septic waste brought to the plant. When these wastes are discharges they must meet stringent government set standards. We also process the sludge, which is generated into compost at our compost plant. This we sell and give away to the public for non-food crop application.

### **FY 2021 Goals:**

Our goals for wastewater compost is to continue to provide excellent service while also striving to make infrastructural and systematic improvements to our wastewater capabilities.

# Employee Benefits G.9000

Mission Statement:
This department is a budgeted-only department that houses the sewer fund's portion of general employee benefits.
Department Responsibilities:
Expenses in this department include HRA contributions, retiree medical insurances (both traditional and Medicare), and the city's obloigatyions to retirement leave buy-outs.
FY 2021 Goals:
Retirement leave buyout is budgeted at \$25,000 for the fund in FY 2021. While it is difficult to measure the exact amount of employees potentially retiring, this figure provides a baseline for the costs as they are expected. The City experienced a larger amount of buyouts in FY 2020, potentially due to COVID-19.

### **Appendix 4. Fund Balance Policy**

Established per Resolution 051717.7

The objective of the fund balance policy is to provide adequate working capital for cash flow and contingency purposes, while maintaining reasonable tax rates.

Use of Fund Balances. Fund balance is the accumulation of prior years' excess or deficit of all revenues and expense. For the purposes of the budget, revenue and expense activity includes bond proceeds and debt service. Available fund balances shall not be used for ongoing operating expenditures, unless a determination has been made that available balances are in excess of required guidelines and plans have been established to address any future operating budget shortfalls. Emphasis shall be placed on one—time uses that achieve future operating cost reductions and/or service level efficiencies

**General Fund Cash Flow and Contingency.** The City shall maintain a minimum unrestricted fund balance in the General Fund equal to 17% of the following year's General Fund budgeted expenditures to be used for cash flow purposes, to cover unanticipated expenditures of a non–recurring nature, to meet unexpected increases in service delivery costs and/or to cover unexpected revenue shortfalls. These funds are used to avoid cash flow interruptions, generate interest income, and to avoid the need for short–term borrowing.

Appropriate balances shall be maintained reflecting the nature of the accounts, including the following:

**General Fund Operating Contingency.** Each year, the City shall budget an operating budget contingency of not less than 1.25% of all budgeted General Fund expenditures.

**Non–General Governmental Funds.** The appropriate balances shall be the amount needed to maintain positive cash balances throughout the year with exceptions made for those funds associated with economic development purposes which may be aggregated by fund type to maintain a positive balance.

An adequate operating contingency expense shall be budgeted to provide for business interruption costs and other unanticipated or unbudgeted expenditures. Enterprise funds shall also maintain adequate reserves for emergency improvements relating to new regulations, or emergency needs for capital repair or replacement.

### **Appendix 4. Fund Balance Policy (Continued)**

Established per Resolution 051717.7

Enterprise Funds. The City shall maintain a minimum cash balance in its Enterprise Funds equal to three months of operating expense, or 25% of the funds' annual operating budget. This balance shall be maintained to ensure adequate maintenance reserves, operating cash flow requirements, debt service requirements and legal restrictions. Where cost—effective access to capital markets is available and debt financing is regularly used, replacement balances shall not be maintained in a manner which charges current consumers to pay for future facilities, with exceptions made for those funds associated with economic development purposes. Balances in excess of three months of operating expense may be utilized for capital purchases and replacements in lieu of debt financing if doing so allows for continued maintenance of appropriate balances and funding plans. Alternatively, surplus cash reserves may be used for early debt retirement at the recommendation of the Finance Director and City Treasurer, and approval of the Common Council. Financing decisions shall consider the impact on user rates.

**Internal Service Funds.** The following balances shall be maintained to ensure adequate maintenance reserves, cash flow balancing requirements and legal restrictions:

• Self–Insurance Funds shall maintain a cash balance equal to the unpaid claim reserves payable amount on its balance sheet, as defined by the independent actuary plus 10% of the annual department operating budgets within the fund. Net position within the fund should not fall below zero.

**Annual Review.** An annual review of cash flow requirements and appropriate fund balances shall be undertaken to determine whether modifications are appropriate for the reserve policy.

### **Appendix 5. Investment Policy**

Established per Resolution 110393.7

#### I. SCOPE

This investment policy applies to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual.

#### II. OBJECTIVES

The primary objectives of the local government's investment activities are, in priority order,

- \* to conform with all applicable federal, state and other legal requirements (legal);
- \* to adequately safeguard principal (safety);
- \* to provide sufficient liquidity to meet all operating requirements (liquidity); and
- \* to obtain the optimum rate of return (yield).

#### III. DELEGATION OF AUTHORITY

The governing board's responsibility for administration of the investment program is delegated to the City Treasurer who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a data base or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

#### IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the City of Lockport to govern effectively.

Investments shall be made with judgement and care, under circumstances then prevailing, which persons of prudence discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investments, consid- ering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

#### V. DIVERSIFICATION

It is the policy of the City of Lockport to diversify its deposits and investments by financial institution, and by maturity scheduling.

Established per Resolution 110393.7

#### VI. INTERNAL CONTROLS

It is the policy of the City of Lockport for all moneys collected by any officer or employee of the government to transfer those funds to the (chief fiscal officer) within 30 days of deposit, or within the time period specified in law, whichever is shorter.

The City Treasurer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from un-authorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

#### VII. DESIGNATION OF DEPOSITARIES

The banking institutions authorized for the deposit of monies are to be designated by Council resolution as required by City Charter, Section C-101.

#### VIII.COLLATERALIZING OF DEPOSITS

In accordance with the provisions of General Municipal Law, #10, all deposits of the City of Lockport, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

- 1. By a pledge of "eligible securities" with and aggregate "market value" as provided by GML #10, equal to the aggregate amount of deposits from the categories designated in Appendix A to the policy.
- 2. By an eligible "irrevocable letter of credit" issued by a qualified bank other than the bank with the deposits in favor of the government for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organizations or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
- 3. By an eligible surety bond payable to the City of Lockport for an amount at least equal to 100% of the aggregate amount of deposits and agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, and who has met with the requirements of the State Comptrollers office. (#3 added 01/04/95)

#### IX. SAFEKEEPING AND COLLATERALIZATION

Eligible securities used for collateralizing deposits shall be held by the depository and/or a third party bank or trust company subject to security and custodial agreements.

Established per Resolution 110393.7

The security agreement shall provide that eligible securities are being pledged to secure local government deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the local government, such securities shall be delivered in a form suitable for transfer or with an assignment to the City of Lockport or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for, the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

#### X. PERMITTED INVESTMENTS

As authorized by General Municipal Law, #11, the City of Lockport authorizes the City Treasurer to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

- \* Special time deposit accounts;
- \* Certificates of deposit;
- \* Obligations of the United States of America;
- \* Obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United State of America;
- \* Obligations of the State of New York:
- \* Obligations issued pursuant to LFL #24.00 or 25.00 (with approval of the State Comptroller) by any municipality, school district or district corporation other than the City of Lockport;
- \* Obligations of public authorities, public housing authorities, urban renewal agencies and industrial development agencies where the general State statutes governing such entities or whose specific enabling legislation authorizes such investments.

Established per Resolution 110393.7

\* Obligations of this local government, but only with any moneys in a reserve fund established pursuant to GML # 6-c, 6-d, 6-e, 6-g, 6-h, 6-j, 6-k, 6-l, 6-m, or 6-n.

All investment obligations shall be payable or redeemable at the option of the City of Lockport within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable at the option of the City of Lockport within two years of the date of purchase.

#### XI. AUTHORIZED FINANCIAL INSTITUTIONS AND DEALERS

The financial institutions so designated by the Common Council as outlined in paragraph VII of this policy shall be the authorized institutions approved for investment purposes. All financial institutions with which the City of Treasurer conducts business must be credit worthy. Banks shall provide their most recent Consolidated Report of Condition (Call Report) at the request of the City of Lockport. Security dealers not affiliated with a bank shall be required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers. The City Treasurer is responsible for evaluating the financial position.

#### XII. PURCHASE OF INVESTMENTS

The City Treasurer is authorized to contract for the purchase of investments:

- 1. Directly, including through a repurchase agreement, from an authorized trading partner.
- 2. By participation in a cooperative investment program with another authorized governmental entity pursuant to Article 5G of the General Municipal Law where such program meets all the requirements set forth in the Office of the State Comptroller Opinion No. 88-46, and the specific program has been authorized by the governing board.
- 3. By utilizing an ongoing investment program with an authorized trading partner pursuant to a contract authorized by the governing board.

All purchased obligations, unless registered or inscribed in the name of the local government, shall be purchased through, delivered to and held in the custody of a bank or trust company.

Such obligations shall be purchased, sold or presented for redem-

tion or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All such transactions shall be confirmed in writing to the City of Lockport by the bank or trust company. Any obligation held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in General Municipal Law, #10.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for, the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement shall describe how the custodian shall confirm the receipt and release of the securities. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

Established per Resolution 110393.7
