Payroll	Pay Date 3/24	\$496,880.62
---------	---------------	--------------

Seconded by Alderman Fogle and adopted. Ayes 6.

041322.3

By Alderman Devine:

Whereas, the United States Department of Agriculture currently has projects surveying the presence of invasive pests, the European Cherry Fruit Fly and the Box Tree Moth, in host trees and plants in Niagara County; now, therefore be it

Resolved, that pursuant to their request to eradicate these invasive pests in the City of Lockport, the USDA Invasive Insect Survey Project is hereby granted blanket permission to place traps in host plants on City of Lockport properties and roadside rights of way, in parks, and in cemeteries. Said permission is subject to filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Fogle and adopted. Ayes 6.

041322.4

By Alderman Devine:

Resolved, that pursuant to the request of Amanda Cline, 232 Ohio Street, permission is hereby granted to the residents of Ohio Street to barricade Ohio from Rene Place to Park Avenue on July 23rd, 2022, from 5-11pm for a block party, and be it further

Resolved, that the Director of Streets and Parks be and the same is hereby authorized and directed to arrange for delivery of barricades to said area prior to said event.

Seconded by Alderman Pasceri and adopted. Ayes 6.

041322.5

By Alderman Kantor:

Whereas, the City of Lockport (City) owns and operates a Wastewater Treatment Plant producing biosolids which are currently managed at the City's compost facility; and

Whereas, due to the capacity and age of the facility, the City desires to consider alternative offsite methods to manage a portion or all of the biosolids; now, therefore, be it

Resolved, that the City's Consulting Engineer, Nussbaumer & Clarke, Inc. is authorized and directed to prepare and issue a Request for Bids for hauling and disposal of Biosolids from the City's Wastewater Treatment Plant, and be it further

Resolved, that upon receipt of said Request for Bids, the City Clerk is hereby authorized and directed to advertise the same.

Seconded by Alderman Barnard and adopted. Ayes: 5. Ald.Devine voted no.

041322.6

By Alderman Pasceri:

Resolved, that pursuant to their request, Thunderwolves Baseball, LLC is hereby granted permission to use the baseball field at Outwater Park for their 2022 Youth Baseball Tournaments, subject to approval of the schedule by the Highways & Parks Department, for games to be played between May 27th and July 31st, 2022, and be it further

Resolved, that Thunderwolves Baseball, LLC file a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Barnard and adopted. Ayes 6.

041322.7

Resolved, that pursuant to their request, permission is hereby granted to the WNY Shelby and Mustang Club to conduct the Nickel City Mustang Roundup Car Cruise and Parade on Saturday, July 30th, 2022, and be it further

Resolved, permission includes the barricading of Market Street from Union Street to Exchange Street, from 6 p.m. until 10 p.m., and be it further

Resolved, that the Director of Streets, Parks and Water Distribution is hereby authorized and directed to arrange for delivery of barricades, cones and 'street closed' signs as required, and be it further

Resolved, that the WNY Shelby and Mustang Club file a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Fogle and adopted. Ayes 6.

041322.8

By Alderman Devine:

Whereas, Resolution 121521.8 authorized the use of \$13,800 from the H204 capital water infrastructure improvement fund to be used for replacement hardware for the pump computer connections; and

Whereas, it has come to the attention of the Chief Water Treatment Plant Operator that two more drives have broken, and are beyond repair and must be replaced; now, therefore, be it

Resolved, that the City is authorized to utilize an additional \$4,020 from Moley Magnetics Incorporated for said additional equipment to be funded from the H204 capital project funds (FX infrastructure improvements).

Seconded by Alderman Kantor and adopted. Ayes 6.

041322.9

By Alderman Pasceri:

Resolved, that pursuant to their request, the MUNY Buffalo Men's Senior Baseball League ('MSBL') is hereby granted permission to use the baseball diamond at Outwater Park for their 2022 practices and home games, subject to approval of the schedule by the Highways & Parks Department, and MSBL filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Barnard and adopted. Ayes 6.

041322.10

By Alderman Devine:

Resolved, that pursuant to their request, the Lockport Professional Fire Fighters Association is hereby granted permission to use the softball field at Outwater Park for the 2022 Niagara County Fire Fighters Softball League season, subject to approval of the schedule by the Highways & Parks Department, for seven games to be played between May 3rd and July 26th, 2022, and be it further

Resolved, that the LPFFA file a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Fogle and adopted. Ayes 6.

041322.11

By Alderman Fogle:

Resolved, that pursuant to their request, permission is hereby granted to Lockport Peacemakers to conduct an Easter egg hunt, rain or shine, on Saturday, April 16th, 2022 beginning at 11am, at Outwater Park, and be it further

Resolved, that permission is subject to Lockport Peacemakers filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured, and be it further

Resolved, that the Director of Streets and Parks is hereby authorized and directed to arrange for delivery of barricades to the area prior to the event, and be it further.

Resolved, that the City stage be made available to the event.

Seconded by Alderman Pasceri and adopted. Ayes 6.

041322.12

By Alderman Barnard:

Resolved, that pursuant their request, Catholic Charities of Buffalo, NY is hereby granted permission to hold a free 'Healthy Baby Festival' to celebrate World Breastfeeding Week at Altro Park on August 1, 2022 from 11 a.m. – 1 p.m. Permission is subject to Catholic Charities filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Pasceri and adopted. Ayes 6.

041322.13

By Alderman Kantor:

Resolved, that pursuant to their request, permission is hereby granted to WNY Hydrocephalus Association to conduct a drive-thru chicken barbeque fundraiser, on Saturday, May 28th, 2022 from 9am until 4pm, in the Outwater Park parking lot, and be it further

Resolved, that permission is subject to WNY Hydrocephalus Association filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured, and be it further

Resolved, that the Director of Streets and Parks is hereby authorized and directed to arrange for delivery of traffic cones to the area prior to the event.

Seconded by Alderman Barnard and adopted. Ayes 6.

041322.14

By Alderman Pasceri:

Resolved, that the bid proposal of Belmont Housing, received on March 25, 2022 for program delivery services for the completion of the City's Home Improvement Program under the administration of the New York State Affordable Housing Corporation, be accepted in the amount of up to \$4,100 per residence.

Seconded by Alderman Devine and adopted. Ayes 6.

041322.15

By Alderman Pasceri:

Resolved, that the Mayor, subject to Corporation Counsel approval, be and the same is hereby authorized and directed to execute a contract with Belmont Housing for program delivery services for the completion of the City's Home Improvement Program

under the administration of the New York State Affordable Housing Corporation at a cost of up to \$4,100 per residence.

Seconded by Alderman Devine and adopted. Ayes 6.

041322.16

By Alderman Beakman:

Whereas, East Avenue (NY 31) in the City of Lockport (City) is designated by the New York State Department of Transportation (NYSDOT) as a Touring Route; and

Whereas, the City has determined that East Avenue is in need of pavement restoration between Washburn Street and Cleveland Place; and

Whereas, the City has received funding from NYSDOT to make improvements to designated Touring Routes; and

Whereas, the City issued a Notice to Bid for interested contractors for the East Avenue Pavement Restoration Project and subsequently received and publicly opened and read bids at the Municipal Building on April 6, 2022 at 2 pm as follows;

CONTRACTOR	4 th Generation Constructi on	Milherst Constructio n, Inc.	Edbauer Constructio n	Occhino Corp.	Mark Cerrone, Inc.	Scott Lawn Yard, Inc.
TOTAL BID AMOUNT	\$318,100.00*	\$332,580.00	\$365,717.00	\$365,985.00	\$376,560.00	\$398,540.00

And

Whereas, the City Engineering Consultant Nussbaumer & Clarke, Inc. (Nussbaumer) reviewed the contractor bids and determined that the bid submitted by 4th Generation Construction is incomplete and recommends that their bid be rejected; and

Whereas, Nussbaumer has determined that Milherst Construction, Inc. has submitted the lowest complete and responsible bid and recommends that the City award the contract to Milherst Construction, Inc., for a total amount of \$332,580.00; now, therefore, be it

Resolved, that the Mayor is authorized to execute an Agreement with Milherst Construction, Inc., 10025 County Rd, Clarence Center, NY 14032, in the amount of \$332,580.00, contingent upon legal review and availability of funding for the City project.

Seconded by Alderman Barnard and adopted. Ayes 6.

041322.17

By Alderman Beakman:

Whereas, §183-23 of the Lockport Municipal Code bans overnight parking on city streets between the hours of 2 a.m. and 6 a.m. unless the vehicle owner has received a special parking permit from the City; and

Whereas, the restriction on parking has caused many residents hardship while being of minimal benefit during the warmer months when snow plows do not present a specific need for the good of the City; and

Whereas, the Traffic Advisory Committee has studied the issue and recommends that the Common Council consider a modification to the ban on overnight parking on a trial basis; now, therefore, be it

Resolved, that a moratorium shall be placed on enforcement of City Ordinance §183-23 for a period commencing immediately and ending on November 1, 2022, subject to the following restrictions:

- I. Only 2-axle passenger vehicles and motorcycles, properly registered and insured, may remain on a city street overnight during the period in question.
- II. The Highways and Parks Department shall have the ability to designate certain streets for no parking during periods of street cleaning and/or paving, by notices posted in advance.
- III. The ban on overnight parking within the city limits will remain in effect for the following streets and thoroughfares:
 - A. Main Street/East Avenue from Transit to Washburn Street
 - B. Walnut Street from Transit to Washburn Street.
 - C. West Genesee Street and West Avenue from the city line to Transit
- IV. The restrictions on parking for buses and delivery vehicles set forth in §183-23(D) shall remain in full force and effect during the period covered by the moratorium.

Seconded by Alderman Devine and adopted. Ayes 6.

041322.18

By Alderman Devine:

Resolved, that pursuant to their request, Inferno Baseball Inc. is hereby granted permission to use the softball field at Outwater Park for both practice and games during the 2022 season, subject to approval of the schedule by the Highways & Parks Department, and be it further

Resolved, that Inferno Baseball Inc. file a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Barnard and adopted. Ayes 6.

041322.19

By Alderman Fogle:

Whereas, by resolution 082119.10 the City of Lockport entered into an agreement with Davey Resource Group, Inc. of Kent, Ohio to conduct a tree inventory and prepare a community forestry management plan; and

Whereas, the city appropriated \$18,000 in the 2022 General Fund Budget to conduct a GIS-based inventory update; and

Whereas, the city desires to complete said update in late spring or early summer when the trees are budding or getting leaves; and

Whereas, Davey Resource Group, Inc. are proprietary to the city's Tree Inventory software; now, therefore, be it

Resolved, that the Mayor is authorized and directed to execute a contract with the Davey Resource Group, Inc. to conduct a Tree Inventory Update project of the maintained trees and stumps found along public rights-of-way and in public parks and properties, and utilize budgeted funds in A.8730.54055.

Seconded by Alderman Pasceri and adopted. Ayes 6.

041322.19A

By Alderman Beakman:

Resolved, that the Mayor and Common Council do hereby extend condolences to the family of Charles S. Sobieraski, a retired City of Lockport Police Officer, who served the department for 35 years from 1955-1990, who recently passed away.

Seconded by Alderman Devine and adopted. Ayes 6.

041322.19B

By Alderman Fogle:

Resolved, that pursuant to their request, Towne Housing Real Estate, 885 Niagara Street, Buffalo, NY, is hereby granted permission to place a dumpster in the city right-of-way at 38 John Street, from Thursday, April 14 through Friday, April 15, 2022, for the duration of their renovation project. Said permission is subject to Towne Housing Real Estate filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman Barnard and adopted. Ayes 6.

041322.20

ADJOURNMENT

At 7:52 P.M. Alderman Beakman moved the Common Council be adjourned until 6:30 P.M., Wednesday, April 27, 2022.

Seconded by Alderman Fogle and adopted. Ayes 6.

041322.14

By Alderman Pasceri:

Resolved, that the bid proposal of Belmont Housing, received on March 25, 2022 for program delivery services for the completion of the City's Home Improvement Program under the administration of the New York State Affordable Housing Corporation, be accepted in the amount of up to \$4,100 per residence.

Seconded by Alderman _____ and adopted. Ayes _____.

041322.15

By Alderman Pasceri:

Resolved, that the Mayor, subject to Corporation Counsel approval, be and the same is hereby authorized and directed to execute a contract with Belmont Housing for program delivery services for the completion of the City's Home Improvement Program under the administration of the New York State Affordable Housing Corporation at a cost of up to \$4,100 per residence.

Seconded by Alderman _____ and adopted. Ayes _____.

041322.16

By Alderman _____:

Whereas, East Avenue (NY 31) in the City of Lockport (City) is designated by the New York State Department of Transportation (NYSDOT) as a Touring Route; and

Whereas, the City has determined that East Avenue is in need of pavement restoration between Washburn Street and Cleveland Place; and

Whereas, the City has received funding from NYSDOT to make improvements to designated Touring Routes; and

Whereas, the City issued a Notice to Bid for interested contractors for the East Avenue Pavement Restoration Project and subsequently received and publicly opened and read bids at the Municipal Building on April 6, 2022 at 2 pm as follows;

CONTRACTOR	4 th Generation Constructi on	Milherst Constructio n, Inc.	Edbauer Constructio n	Occhino Corp.	Mark Cerrone, Inc.	Scott Lawn Yard, Inc.
TOTAL BID AMOUNT	\$318,100.00*	\$332,580.00	\$365,717.00	\$365,985.00	\$376,560.00	\$398,540.00

And

Whereas, the City Engineering Consultant Nussbaumer & Clarke, Inc. (Nussbaumer) reviewed the contractor bids and determined that the bid submitted by 4th Generation Construction is incomplete and recommends that their bid be rejected; and

Whereas, Nussbaumer has determined that Milherst Construction, Inc. has submitted the lowest complete and responsible bid and recommends that the City award the contract to Milherst Construction, Inc., for a total amount of \$332,580.00; now, therefore, be it

Resolved, that the Mayor is authorized to execute an Agreement with Milherst Construction, Inc., 10025 County Rd, Clarence Center, NY 14032, in the amount of \$332,580.00, contingent upon legal review and availability of funding for the City project.

Seconded by Alderman _____ and adopted. Ayes _____.

041322.17

By Alderman Beakman:

Whereas, §183-23 of the Lockport Municipal Code bans overnight parking on city streets between the hours of 2 a.m. and 6 a.m. unless the vehicle owner has received a special parking permit from the City; and

Whereas, the restriction on parking has caused many residents hardship while being of minimal benefit during the warmer months when snow plows do not present a specific need for the good of the City; and

Whereas, the Traffic Advisory Committee has studied the issue and recommends that the Common Council consider a modification to the ban on overnight parking on a trial basis; now, therefore, be it

Resolved, that a moratorium shall be placed on enforcement of City Ordinance §183-23 for a period commencing immediately and ending on November 1, 2022, subject to the following restrictions:

- I. Only 2-axle passenger vehicles and motorcycles, properly registered and insured, may remain on a city street overnight during the period in question.
- II. The Highways and Parks Department shall have the ability to designate certain streets for no parking during periods of street cleaning and/or paving, by notices posted in advance.

- III. The ban on overnight parking within the city limits will remain in effect for the following streets and thoroughfares:
- A. Main Street/East Avenue from Transit to Washburn Street
 - B. Walnut Street from Transit to Washburn Street.
 - C. West Genesee Street and West Avenue from the city line to Transit
- IV. The restrictions on parking for buses and delivery vehicles set forth in §183-23(D) shall remain in full force and effect during the period covered by the moratorium.

Seconded by Alderman _____ and adopted. Ayes _____.

Dear City Clerk,

We are concerned about another tree on our property at 187 Olcott & we live on the corner of Olcott and Vine Street. This tree is located on the Vine Street side of ~~of~~ our property in the city right of way. We had a wind storm on March 6th, 2022 that took down a large limb and it damaged our fence. We are requesting that it be assessed for removal. We would like the tree cut down before it causes anymore damage or galls or someone.

Thank you,

Joanne Ciraza

March 21st 2022

Dear City Clerk,

* 2021

We are concerned about a tree on our property that is in the city right of way. We wrote a letter on Nov. 22nd, 2022* asking for someone to assess it but have not seen any action taken. Since then we have had many large limbs fall from that tree. We are worried that this tree is a threat to our family and neighbors as it is located directly next to our walkway that we use to get to the street (curb). We are asking again that someone take the time to look at this tree and that it be removed.

Thank you,

JoAnne Ciraza

March 21ST, 2022

Dear City Clerk,

I am concerned about a tree on our property at 197 Olcott Street that is on the City right of way. This tree has lost several limbs during the the last windstorm on March 6th, 2022. It looks like it has a large crack going down the trunk. If this tree falls it will do some major damage as it is extremely large. Please have someone from the city assess the tree for removal.

Thank You,

I am writing to inquire whether the

tree in front of my house at 62 Hyde Park

can either be cut back or removed

completely. Several years ago the city came

by and trimmed and or removed if necessary

all the trees on my street, however the only

tree they failed to work on was the one

in front of my house. My concern stems

from the fact that the tree that stood in

front of my neighbors house was knocked over

by heavy winds 2 years ago pulling my electrical

service off my house. Due to heavy winds

in the past and recently, I am concerned about

it happening again or worse it falling on my

house. I would appreciate any help in this

(over)

matter you may provide

CITY CLERK OFFICE

I've been trying to bring
These trees to The Attention
Of The City of Lockport for
the last Five years since
I purchased my home. I would
like them removed immediately.
Due to the fact that they are
infested with Sq Rodents and
ants. The one particular large
limb is over the House. That
limb alone could weigh or 2000lb.
I can only Guesstimate as to
What the whole tree would weigh
Over ✓

but the weight of that tree
leaning on my house or the tele-
phone pole with transistors on it
presents a Gravidly dangerous
situation. If city doesn't have
the capability or the funds to
expedite the removal of the tree
a trimming in the very least is
required. The evidence of the
other tree that rotted snapped
off and fell down is still standing
there. I've been to City Hall, Messy
on Facebook, to no Avail. I'm
requesting these be removed or
trimmed before any more damage
occurs

Notice of Claim 3/30

On Thursday, February 24th, my son went through a pothole on Summit Street while driving my vehicle. The pothole is in the west-bound lane, several yards after making a right turn off Transit St.

The vehicle immediately had issues. The car started pulling to the right. My son texted me once he got to school and initially thought the front end was out of alignment. We took the vehicle to Dunn Tire for an alignment, they could not do the alignment due to the damage (because it needed more than an alignment). From that point, we brought the vehicle to 2480 Auto on Military Road. The techs got it on the lift and discovered severe damage to the subframe, control arms & ball joint, and other things listed on the invoice. The subframe was split, resulting in dangerous driving conditions.

I would like to file a claim for reimbursement. The total amount due was \$2688.36

Attachments: 2022_Q_A.pdf; Ammonium Acetate Bait Enhancer Lures.pdf; BTM Property Access Request 2022.pdf; ECFF Pest Alert.pdf; ECFF Property Access Request 2022.pdf; Self Insurance 2022.pdf

My name is Nathan Lefort- I am a Technician with the U.S. Department of Agriculture's European Cherry Fruit Fly (ECFF) Program. I'm reaching out to you today to request permission to survey/trap for ECFF in select locations within the city of Lockport, some of which may be on city-owned property. We are required to request your permission annually.

We are hoping to be able to place traps on roadside right-of-ways, in parks, and in cemeteries. For private property we will be approaching landowners directly. This request only pertains to municipal property rights. Attached you will find the full digital information package for 2022 for your information. Within this package is a document titled "ECFF Property Access Request 2022." If you are willing to allow us access, please complete and sign this document. For the "Property Location" line, please write "all properties" if we may have full access. If there are specific restrictions, please note specific city properties and right of ways we can or cannot access. Please scan and send back to me or if you prefer, I can come pick it up. Thank you for your involvement. We can't do this without you!

****New for 2022**** In addition to ECFF, the USDA will also be conducting surveys for the box tree moth (BTM). BTM was detected in Niagara County in 2021 and our staff is working diligently to ensure we stay on top of this new pest. This invasive pest can significantly damage and potentially kill boxwood (*Buxus* species) plants if left unchecked. We are updating our outreach materials for the 2022 season, and I will share those as soon as they are available. I have included an access request for our BTM survey activities as well. If you are comfortable with us surveying/trapping for both ECFF and BTM on your properties, please sign and return both request forms. Early involvement with this new pest is critical for our success!

To learn more about the BTM detections in Niagara County, please read this press release from the New York State Department of Agriculture and Markets: [NYS Department of Agriculture Confirms Box Tree Moth Found in Western New York | Agriculture and Markets](#)

If you need any more information or would like to contact me, I can be reached at this email or my work cell phone (716-727-4599). I would also be more than happy to meet in person at any time.

Thank you!

Hi Nathan,

Good speaking with you earlier today.

Attached is a proposed resolution for the Lockport Common Council to consider at its April 13th meeting.

Unless you think any additions or changes are necessary to this resolution, I will contact you after the Council gives its approval and will forward the Property Access Request forms at that time.

Thanks.

By Alderman _____:

Whereas, the United States Department of Agriculture currently has projects surveying the presence of invasive pests, the European Cherry Fruit Fly and the Box Tree Moth, in host trees and plants in Niagara County; now, therefore be it

Resolved, that pursuant to their request to eradicate these invasive pests in the City of Lockport, the USDA Invasive Insect Survey Project is hereby granted blanket permission to place traps in host plants on City of Lockport properties and roadside rights of way, in parks, and in cemeteries. Said permission is subject to filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman _____ and adopted. Ayes _____.

Questions and Answers: 2022 European Cherry Fruit Fly Survey in New York

What is the European Cherry Fruit Fly (ECFF) survey?

The U.S. Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS) and New York's State Department of Agriculture and Markets (NYS AGM) are placing approximately 2,000 traps across the Western and Central New York Regions. APHIS and NYS AGM are also placing traps in New York counties outside the ECFF quarantine area that are most at risk for ECFF's spread to determine if there are other locations where the invasive fruit fly is present.

What do the traps look like?

The yellow panel trap is a rectangular cardboard trap coated on both sides with a mixture of a sticky material and a food bait. The traps are about 9 inches long and hang vertically in trees.

Do the traps really catch the fruit flies?

The trap helps detect new infestations and monitor the insect's spread. It is not meant to catch fruit flies as a way to reduce populations.

What is the bait?

The attractant is a food additive called ammonium acetate that lures fruit flies to the coated yellow trap.

How do the traps work?

Adult fruit flies are attracted to the baited trap. If the flies land on the trap, they will get stuck in the non-toxic glue. APHIS services the traps at least every 2 weeks to replace the bait and collect insects.

If a trap is in my area, does that mean ECFF is there?

No. If you see a trap in your community, it does not mean ECFF is present. It just means we are looking for ECFF in your area. The goal of the survey is to determine where the insect is and monitor for potential spread.

What were the results of the 2021 survey in New York?

The 2021 survey found 790 ECFF in 101 trap locations. These results helped guide decisions on trap placement for the 2022 survey.

Where will traps be set this year?

For the 2022 season, surveyors will place traps along the edge of the quarantined areas in North Western New York.

How can I help?

Please allow APHIS and NYS AGM surveyors access to your property to place and check traps. Residents with questions can contact the ECFF program office by calling 1-800-249-2363 or emailing ppq.ecff@usda.gov. Learn more at www.aphis.usda.gov/hungrypests/ecff.

Pest Alert

Animal and Plant Health Inspection Service
Plant Protection and Quarantine

European Cherry Fruit Fly (*Rhagoletis cerasi*)

Adult European cherry fruit fly (Biopix, S.D. Lund, www.biopix.com)

European cherry fruit fly is the most serious pest of cherries in Europe. The fly attacks ripening fruit, causing it to rot and fall off the tree. In heavily infested areas, the fly can destroy up to 100 percent of cherry and other host plants if left uncontrolled.

Distribution

European cherry fruit fly is found throughout Europe and in parts of West and Central Asia. In 2016, Canada confirmed this pest on wild honeysuckle at several sites in Ontario. In 2017, the United States found European cherry fruit fly on traps hung in wild honeysuckle plants and sweet cherry trees along the Niagara River in New York. This was the first U.S. detection of European cherry fruit fly.

Damage

European cherry fruit fly attacks only the fruit of its host plants. Larvae-infested fruit may have dark soft spots or appear wilted or shriveled. As mature larvae emerge from the fruit, they may leave behind visible exit holes.

If European cherry fruit fly becomes established in the United States, it could affect U.S. access to foreign cherry markets and cause lower prices and economic losses for U.S. cherry growers.

Host Range and At-Risk Areas of the United States

European cherry fruit fly prefers sweet cherries and honeysuckle, but may also attack tart cherries. If this pest establishes itself in New York and spreads to other parts of the country, it could threaten commercial cherry production along the Pacific Coast (California, Oregon, and Washington), in the Northeast (Maryland, New York, and Pennsylvania), and in several Western and Central States (Colorado, Michigan, New Mexico, and Utah).

Appearance and Life Cycle

Adult flies range in length from 1/8 to 3/16 of an inch (3.5–4.0 millimeters). Both males and females are mostly black with yellow to orange heads. A

large yellow dot is visible on their backs. The wings are transparent with dark bands.

Adults typically emerge from May to July and have an average lifespan of 2 to 4 weeks. Females usually lay one egg beneath the skin of each piece of fruit. Once they hatch from the eggs, the larvae develop inside the fruit and feed for up to 6 weeks. As the larvae develop, they damage the fruit pulp. Mature larvae exit the fruit through emergence holes, drop to the ground, and burrow into the soil. Once in the soil, they pupate within a few days and overwinter in the soil underneath or near the host plant.

Preventing Fruit Fly Spread

When U.S. Department of Agriculture (USDA) or State agriculture officials find an infestation of invasive fruit flies that could damage crops in this country, State regulatory officials first establish an intrastate quarantine to prevent the pest's spread within that State. USDA then establishes a parallel interstate quarantine to keep the

pest from spreading to other States. Together, these quarantines allow State and Federal officials to control and suppress the outbreak locally and regulate the movement of host fruits, nursery plants, and other items that could harbor the pest. These efforts help protect growers in other vulnerable parts of the country.

What You Can Do

Please cooperate with agricultural workers who may be in your area surveying for the pest. In areas where the pest has been found, agricultural workers may request approval from the property owner to apply treatment to prevent the spread.

When traveling, declare all food, live animals, and plant or animal products to a U.S. Customs and Border Protection officer or agriculture specialist at the first port of entry. If your items are generally allowed, the inspector will check them to make sure they are free from pests and disease.

If you travel to Canada, be advised that you may not bring cherries from Ontario into the United States. Cherries from other Canadian provinces are allowed if they are accompanied by a receipt or other document that confirms the fruit's origin. For more information, view the Federal Order: www.aphis.usda.gov/import_export/plants/plant_imports/federal_order/downloads/2017/DA-2017-15.pdf.

Pest Alert

Box Tree Moth (*Cydalima perspectalis*)

The box tree moth is an invasive pest that primarily feeds on boxwood species (*Buxus* spp). In its native range, it also feeds on burning bush (*Euonymus alatus*), Japanese spindletree (*E. japonicus*), purple holly (*Ilex chinensis*), and orange jessamine (*Murraya paniculate*) once boxwood in the vicinity are completely defoliated.

Distribution and Spread

The box tree moth is native to temperate and subtropical regions in Asia. It was first reported in Europe in 2007, after which it spread rapidly across European countries and into Western Asia and Northern Africa. In 2018, it was documented in Canada. The rate of spread for the box tree moth has varied since its introduction in Europe, with some cases peaking at 96 miles per year. Long distance movement of the box tree moth across Europe occurred primarily through the movement of infested boxwood plantings.

Box tree moths are highly mobile and are good fliers. Natural spread of this moth in Europe is about 3 to 6 miles per year. One analysis from Europe concluded that natural dispersal from continental Europe to the United Kingdom was possible, suggesting sustained adult flights of over 20 miles.

Damage

In 2014, boxwood made up 15 percent of broadleaf evergreen sales in the United States, and the estimated value was \$126 million (USDA-NASS, 2015). Boxwoods are typically planted as ornamentals

Adult moths (top and bottom left), damage (bottom)

and used for edging, as hedges, and/or clipped into different shapes to make topiaries. The box tree moth can cause heavy defoliation of boxwood plants if populations are left unchecked. Defoliation of existing and new growth can kill the plant. If no foliage is available, larvae have been observed feeding on the bark, which can cause branches or the entire plant to die.

Description

Adult box tree moths generally have white bodies with a brown head and abdomen. Their wings are white and slightly iridescent, with an irregular

thick brown border spanning 1.6 to 1.8 inches. Some adults have completely brown wings with a small white streak on each forewing. Males and females show both colorations.

The eggs are pale yellow and average 0.04 inches in size. They are laid in flat clusters of about 5 to 20 on the underside of boxwood leaves. As they mature, a black spot appears marking the larval head.

Newly hatched larvae have black heads and are green to yellow in color. As they age, dark brown stripes develop on the body. The most mature larvae are about 1.6 inches

long and have thin white and thick black stripes and black dots outlined in white along the length of the body.

Pupae develop inside a silk cocoon and are 0.6 to 0.8 inches long. They are initially green, with black stripes on the back, and turn brown as they mature.

Life Cycle

Adult female box tree moths lay their eggs singly or in clusters of about 5 to 20 in a gelatinous mass on the underside of boxwood leaves. Box tree moths overwinter as larvae. Once temperatures rise, overwintering larvae emerge and typically begin feeding in March, continuing until they pupate in late April to early May. As they develop, they spin silken webs to hold leaves together and create protected areas to feed. They tend to feed on leaves in the lower portion of host plants but reside in the upper portion and remain active until September or October.

Pupation occurs on the host leaves in silk cocoons. If the boxwood host is defoliated, pupation may occur away from the host plant using leaves from the surrounding area. Pupae will typically first appear in April or May and will be present continuously through the summer and into the fall, depending on the local climate and timing of generations.

Adults first emerge from the overwintering generation between April and July, depending on climate and temperature. Subsequent generations are active between June and October. Adults typically live for 2 weeks after emergence.

Egg mass (top), pupa (bottom left), caterpillars (bottom right)

Where To Look

Signs of damage may not appear at the beginning of an infestation because young larvae hide among twigs and leaves. Larvae skeletonize the leaves and feed on the bark, causing defoliation and dryness, leading to the plant's death. Signs of feeding include green-black frass (excrement) and webbing.

The female moths lay their eggs on the underside of the leaves of boxwoods.

Report Your Findings

If you find an insect that you suspect is the box tree moth in New York, please submit an online report to have the specimen identified properly:
www.arcg.is/1Df8Se.

For questions, please call USDA at 1-800-249-2363. You may also contact your local Extension office or State Plant Regulatory Official.

To locate an Extension specialist near you, go to the U.S. Department of Agriculture (USDA) website at www.nifa.usda.gov/Extension. A directory of State Plant Regulatory Officials is available on the National Plant Board website at www.nationalplantboard.org/membership.

Product Name: Ammonium Acetate Bait Enhancer Lures
Rhagoletis cerasi
Product code: P307-Attractant

Ammonium Acetate Bait Enhancer Lure. This product consists of a sachet with Ammonium acetate formulated in natural fiber absorbent and plastic membrane. The product is for use in crops as an attractant for fruit flies.

Section 2 Hazards Identification

In large or continuous exposures can be irritating to mucous membranes eyes, respiratory system and skin.

Pictogram None

Signal Word Warning

HMIS Rating	NFPA Rating
Health: 1	Health: 1
Flammability: 1	Flammability: 1
Reactivity: 0	Reactivity: 0

For additional information on toxicity refer to Section 11.

Section 3: Composition / Information on Ingredient

Contains as active material ammonium acetate, as inert materials contains natural fiber and plastic membrane.

Active Ingredient: Ammonium acetate.

CAS # 631-61-8

EC-No. 211-162-9

RTECS# AF3675000

Formula $C_2H_7O_2N$

Section 4 First Aid Measures

Eyes: Immediately flush with copious amounts of water for at least 15 minutes.

Skin: Immediately wash with soap and copious amounts of water. Consult with a physician if observe any reactions to the component.

Section 5 Fire and Explosion Hazards

Flash Point: (CC, F) : In formulation: N/A

Flammable Limits: In formulation: N/A

Extinguishing Media: N/A

Special Fire Fighting Procedures: N/A

Unusual fire and explosion Hazards: N/A

Section 6 Accidental Release Measures

Procedure to be followed in case of leak or spill: Pick up plastic bag devices and dispose of in approved manner.

Procedure(s) of personal precaution(s): No protective apparatus necessary for clean-up.

Methods for cleaning up: Pick up material and dispose of in approve manner.

Section 7 Handling and Storage

Handling: Keep the dispenser lures inside the package until use. Remove adhesive strips to activate lure. Display the lure inside the trap.

RESPIRATORY PROTECTION: None required with product under normal use.

PROTECTIVE GLOVES: None required with product under normal use.

EYE PROTECTION: None required with product under normal use.

OTHER PROTECTIVE EQUIPMENT: None required with product under normal use.

VENTILATION: None required with product under normal use.

NOTE: Personal protection information provided in this Section is based upon general information as to normal uses and conditions. Where special or unusual uses or conditions exist, it is suggested that the expert assistance of an industrial hygienist or other qualified professional be sought.

Section 8 Exposure Controls / PPE

No special requirements for sachet formulated product

General Hygiene Measures:

Wash contaminated clothing before reuse. Wash thoroughly after handling.

Section 9 Physical / Chemical Properties

Ammonium acetate	
Appearance:	White plastic sachet
Physical State	Solid
Odor	Fishy
Molecular weight	77.08 g/mol
pH	6.5 - 7.5 at 77.1 g/l at 25 °C (77 °F)
Melting point/range:	110 - 112 °C (230 - 234 °F)
Initial boiling point and boiling range	Decomposes below the boiling point.
Flash point	No data available
Vapour pressure	< 0.001 hPa (< 0.001 mmHg)
Relative density	1.07 g/cc
Water solubility	1,480 g/l at 4 °C (39 °F)
Partition coefficient: n-octanol/water	log Pow: -2.799

Section 10 Stability and Reactivity

Stability: Stable.

Materials to avoid: Strong oxidizing agents, acid chlorides, anhydride chlorides

Hazardous Decomposition Products: Carbon dioxide, Carbon monoxide, ammonia, nitrogen oxides.

Hazardous polymerization: Will not occur.

Section 11 Toxicological Information

The following applies to the pure compounds and not to the formulated product

Toxicity Data

Ammonium Acetate:

Oral toxicity in rats: LD₅₀ 463 Mg/Kg

Section 12 Ecological Information

No data available.

City of Lockport - Resolution Request Form (For Finance Department)

Agenda Description: Authorize Additional Water Infrastructure Improvement Funds H204	
Proposed By: Dennis McNamara	Date Submitted: 3/23/2022
<i>Please provide to Finance Director <u>at least two weeks</u> prior to Council meeting.</i>	
Summary: This resolution will increase the authorization provided in resolution 121521.8 for equipment from Moley Magnetics Incorporated for additional equipment. The Chief Wate Treatmen Plant Operator found that two additional drives have failed.	
Financial Impact (for current and following year): \$115k is available to use in the fund for these types of purchases. Amount in itself is not large enough to require sealed bids, but use of the fund requires Council authorization. No multi-year impact.	
Explanation of attachments: (1) resolution, (2) email thread, (3) budget report.	
For Requests Involving Budget Amendments:	
Increase Line Item:	Decrease Line Item:
For Finance Director to Fill Out:	
Date of Approval: 3/23/2022	Resolution:

Whereas, resolution 121521.8 authorized the use of \$13,800 from the H204 capital water infrastructure improvement fund to be used for replacement hardware for the pump computer connections; and

Whereas, it has come to the attention of the Chief Water Treatment Plant Operator that two more drives have broken beyond repair and requiring additional repair; now, therefore, be it

Resolved, that the City is authorized to utilize an additional \$4,020 from Moley Magnetics Incorporated for said additional equipment to be funded from the H204 capital project funds (FX infrastructure improvements).

From: Dennis McNamara
To: "Tim Russo"
Subject: nt. pump #2 drive
Date: Tuesday, March 22, 2022 2:29:51 PM

Hi Tim,

I received the last two mokey invoices for pump #2.

It ran over due to more drives breaking.

I will need \$4020.00 more for PO 00000451 capital projects
(H204.8397.52480 infrastructure-water system)

Thank you

Dennis.

Hi Michael,

Attached is the 2022 schedule. Unfortunately (or fortunately for me) my 4th team fell through that was going to take up dates on Mondays and Fridays. As such, our schedule is primarily Wednesday & Thursday games with one Tuesday mixed in. We would also like to use the field on Wednesday & Thursday nights for practice purposes starting Wednesday April 6 thru Thursday May 13 (Wednesday & Thursdays only). I will send the certificate of insurance in the next couple of weeks. Thanks again.

Hi Paula,

I just spoke with Alderman Kitty Fogle. She said a donor stepped forward and provided the funding to do the Easter egg hunt at Outwater Park on April 16th beginning at 11am.

We will have a resolution granting permission to hold the event, and it will be on the agenda for the April 13th Common Council meeting.

As you know, we will need a certificate of insurance naming the City of Lockport as additional insured. Also, Molly Lawson has booked the city stage for your use that day. Any questions, please contact my office.

Thanks.

Attachments: Lockport altro park - 2022.docx

Hi Paul!

Are you still our contact person at the city of Lockport?

We would like to hold our Healthy Baby Festival there this year on Monday - 8/1/22 at Altro Park . The event would be from 11am -1pm with set up at 9am and we would be cleaned up by 1:30pm or so.

Let me know if this would work for us.

Thanks!
Katie

March 30, 2022

Dear Mayor and the Lockport Common Council Members,

Catholic Charities WIC is requesting to hold a free Healthy Baby Festival to celebrate World Breastfeeding Week this year at Altro Park in Lockport on Monday, August 1st from 11am – 1pm. Set up would begin at 9am. We would like to reserve the pavilion as well. 2019 was our 2nd year holding this event and we had a nice turn out from families and our community partners. The event will promote breastfeeding education, child safety, prenatal and postpartum health, family nutrition and summer family fun. WIC (Women, Infants and Children) is a program of the USDA that provides nutrition counseling, referrals and breastfeeding education and support to low income families in all 50 states.

We will be partnering again with the Niagara County community agencies and they will have tables sharing information about their programs. There will be prizes, crafts, games and special characters too. Last year we had about 25 agencies attend!

Catholic Charities was awarded the WIC contract in Niagara County more than 30 years ago. We also cover Erie and Chautauqua Counties as well. The Lockport office in the Bewley Building has a target caseload of about 1400 clients. If you are able to waive the park fee that would be appreciated. We are a non profit organization.

If you have any questions please contact me.

Sincerely,
Katie Constantino

City of Lockport Parks

To whom it may concern,

The Hydrocephalus Association is a 501-C3 nonprofit organization that raises funds to secure research, education and advocacy for this condition. Our WALK leaders are all volunteers that work endless hours to help bring awareness to this condition that affects their loved ones.

My name is Larry McKenzie and I am the WNY Hydrocephalus WALK Community Leader.

I am writing this letter today to ask permission to use the pavilion and parking lot near the maintenance building at Outwater Park, 125 Outwater Drive on May 28, 2022 for a Drive Thru Chicken BBQ Fundraiser. The times requested are from 9:00 am until 4:00 pm to allow for setup and cleanup before and after the fundraiser.

Thank you for this opportunity to help raise funds and awareness to this condition that affects so many children and adults in our community.

We look forward to a favorable reply to our request soon, so that we may begin to promote the event.

Respectfully,

A handwritten signature in black ink, appearing to read "LH McKenzie".

Subject: [EXTERNAL] East Ave. Recommendation
Attachments: Xerox Scan_04072022135026.pdf; Xerox Scan_04072022135046.pdf

Hi Paul,

I've attached the recommendation for award of the East Ave. project for your consideration. I spoke to 4th Generation and they understand they made a mistake. I also attached to the recommendation an electronic record that shows they received and opened the addendum for the file. They somehow lost track of it. Milherst Construction understands our schedule goals and hopes to do this work in May.

If the Council decides to award next week we'll help get these contracts prepared and in place so that we can then schedule a pre-construction meeting and get the submittal process rolling.

I have a hard copy of the letter and original bid documents that I will drop off to you later today.

Please do not hesitate to contact me with any questions.

Re: East Avenue Pavement Rehabilitation Project
Bid Results
NCI File No. 19J1-0177-BG-41

Dear Mr. Oates,

In accordance with the Notice to Bidders, sealed bids for the East Avenue Pavement Rehabilitation Project were opened and read aloud at 2:00 p.m. on April 6, 2022, at the Municipal Building. A total of six (6) bids were received. One of the bids, submitted by 4th Generation Construction, was incomplete since the revised bid form issued as part of Addendum No. 1 was not used.

The results are per the attached bid tabulation and are summarized as follows.

Bidder	Total Bid Amount
4 th Generation Construction, Inc.	\$318,100.00*
Milherst Construction, Inc.	\$332,580.00
Edbauer Construction	\$365,717.00
Occhino Corporation	\$365,985.00
Mark Cerrone, Inc.	\$376,650.00
Scott Lawn Yard, Inc.	\$398,540.00

*Bid was incomplete for not using Bid Form included with Addendum No. 1

Since 4th Generation Construction's bid was incomplete, Nussbaumer & Clarke, Inc. (Nussbaumer) evaluated the bid for Milherst Construction, Inc. and found the Bid to be complete and responsible. Therefore, Nussbaumer recommends award of the East Avenue Pavement Rehabilitation Project to the lowest responsible bidder, Milherst Construction, Inc., in the total amount of \$332,580.00.

Should you have any questions or require additional information regarding this matter, please contact us at your convenience.

Sincerely,

NUSSBAUMER & CLARKE, INC.

Michael T. Marino
Chief Executive Officer

Subject: [EXTERNAL] East Ave. Bid Resolution
Attachments: East Ave award resolution.docx

Hi Paul,

Please see attached contractor award resolution for the East Ave. project for your consideration.

As I mentioned, the apparent low bidder, 4th Generation, submitted an incomplete bid as they bid not include the revised bid form issued with Addendum No. 1. All other bidders included the proper form. *(Note, the revised bid form included a \$40k asphalt allowance item to account for the potential rise in the asphalt cost index. If they would have used the correct form their bid would have resulted in them having the no. 2 bid).* I will notify them tomorrow.

Therefore, I did follow up with Milherst Construction to confirm they understand the scope and are comfortable with their bid. Milherst indicated they are comfortable with their bid and ready to get to work. I indicated it is our desire to be done in advance of July 4 and he indicated they feel they could do that and should be able to complete the project within two weeks of starting it. We have worked with Milherst successfully in the past and would have no objection to them performing this work.

I will send you a formal recommendation letter with back up tomorrow and return the bid documents to you as soon as possible.

Please do not hesitate to contact me with any questions!

--mike

Michael T. Marino, P.E.

Chief Executive Officer

Authorization for execution of contractor agreement for East Ave. Pavement Restoration Project

WHEREAS, East Avenue (NY 31) in the City of Lockport (City) is designated by the New York State Department of Transportation (NYSDOT) as a Touring Route; and

WHEREAS, the City has determined that East Avenue is in need of pavement restoration between Washburn Street and Cleveland Place; and

WHEREAS, the City has received funding from NYSDOT to make improvements to designated Touring Routes; and

WHEREAS, the City issued a Notice to Bid for interested contractors for the East Avenue Pavement Restoration Project and subsequently received and publicly opened and read bids at the Municipal Building on April 6, 2022 at 2 pm as follows;

CONTRACTOR	4 th Generation Construction	Milherst Construction, Inc.	Edbauer Construction	Occhino Corp.	Mark Cerrone, Inc.	Scott Lawn Yard, Inc.
TOTAL BID AMOUNT	\$318,100.00*	\$332,580.00	\$365,717.00	\$365,985.00	\$376,560.00	\$398,540.00

And

WHEREAS, the City Engineering Consultant Nussbaumer & Clarke, Inc. (Nussbaumer) reviewed the contractor bids and determined that the bid submitted by 4th Generation Construction is incomplete and recommends that their bid be rejected; and

WHEREAS, Nussbaumer has determined that Milherst Construction, Inc. has submitted lowest complete and responsible bid and recommends that the City award the contract to Milherst Construction, Inc., for a total amount of \$332,580.00;

NOW, THEREFORE, BE IT:

RESOLVED that the Mayor is authorized to execute an Agreement with Milherst Construction, Inc., 10025 County Rd, Clarence Center, NY 14032, in the amount of \$332,580.00 contingent upon legal review and availability of funding for the City project.

By Alderman **BEAKMAN**:

WHEREAS §183-23 of the Lockport Municipal Code bans overnight parking on city streets between the hours of 2 a.m. and 6 a.m. unless the vehicle owner has received a special parking permit from the City; and

WHEREAS the restriction on parking has caused many residents hardship while being of minimal benefit during the warmer months when snow plows do not present a specific need for the good of the City; and

WHEREAS the Traffic Advisory Committee has studied the issue and recommends that the Common Council consider a modification to the ban on overnight parking on a trial basis; now be it

Resolved, that a moratorium shall be placed on enforcement of City Ordinance §183-23 for a period commencing immediately and ending on November 1, 2022, subject to the following restrictions:

- I. Only 2-axle passenger vehicles and motorcycles, properly registered and insured, may remain on a city street overnight during the period in question.
- II. The Highways and Parks Department shall have the ability to designate certain streets for no parking during periods of street cleaning and/or paving, by notices posted in advance.
- III. The ban on overnight parking within the city limits will remain in effect for the following streets and thoroughfares:
 - A. Main Street/East Avenue from Transit to Washburn Street
 - B. Walnut Street from Transit to Washburn Street.
 - C. West Genesee Street and West Avenue from the city line to Transit
- IV. The restrictions on parking for buses and delivery vehicles set forth in §183-23(D) shall remain in full force and effect during the period covered by the moratorium.

Seconded by Alderman _____ and adopted. Ayes _____.

Paul Oates, City Clerk

1 Locks Plaza

Lockport, NY 14094

Mr. Oates, I would like to formally request the use of the softball diamond at Outwater Park throughout the year of 2022 for the Inferno Baseball organization. The organization would be utilizing the field for both practices and games. I spoke with Alderman Devine and he is willing to sponsor the resolution. I would request that this be placed on the next agenda. I have included a certificate of insurance. Should you need anything else, please let me know. Thank you.

Sincerely,

Jason Dool

Subject: [EXTERNAL] Resolution for tree inventory update
Attachments: Lockport tree Inventory Update 2022.pdf

Hello,

The common council budgeted for Davy Tree service to update the tree inventory. It is under line item 54055 Professional Services \$18,000 in the forestry department. I am attaching the information provided by Mike Hoffman and Davy. As they are proprietary to the Tree Inventory software, we do not have to get quotes. We would like to have them do this in late spring/early summer when the trees are budding or getting leaves.

041322.X

By Alderman _____:

Whereas, by resolution 082119.10 the City of Lockport entered into an agreement with Davey Resource Group, Inc. of Kent, Ohio to conduct a tree inventory and prepare a community forestry management plan; and

Whereas, the city appropriated \$18,000 in the 2022 General Fund Budget to conduct a GIS-based inventory update; and

Whereas, the city desires to complete said update in late spring or early summer when the trees are budding or getting leaves; and

Whereas, Davey Resource Group, Inc. are proprietary to the city's Tree Inventory software; now, therefore, be it

Resolved, that the Mayor is authorized and directed to execute a contract with the Davey Resource Group, Inc. to conduct a Tree Inventory Update project of the maintained trees and stumps found along public rights-of-way and in public parks and properties, and utilize budgeted funds in A.8730.54055.

Seconded by Alderman _____ and adopted. Ayes _____.

City of Lockport NY Inventory Update

Lockport Inventory Update

DAVEY 
Resource Group

Introduction

In 2019, DRG performed a city-wide inventory for the City of Lockport. The city has been performing some of the recommendations provided by the arborist as funding was available. Tree conditions change over time due to diseases, weather conditions, and growth; the city recognizes their inventory needs to be updated to reflect the changing conditions of their urban forest.

About Davey Resource Group, Inc.

For over 25 years, DRG has inventoried trees throughout the United States. We know that the data collected during a tree inventory is critical to helping you manage your urban forest proactively and better mitigate tree-related risk. Since you rely on the inventory data and recommendations to make important decisions, DRG uses only qualified, experienced staff who are knowledgeable of both industry standards and the municipal work environment.

Trees bring natural elements and wildlife habitats into urban settings and they also moderate temperatures, reduce air pollution and energy use, and improve water quality.

Scope of Work

This project is an integral part of Lockport's comprehensive tree care program. The results of this project will help Lockport better understand the current composition, structure, and maintenance needs of its urban forest, allocate resources, develop risk management strategies, and promote the ecosystem benefits the city's trees provide to the local community. The project will assist the city in measuring and demonstrating the work that has been performed since the inventory was initially performed two years ago.

The proposed project has the following key components:

1. **Tree Inventory Update.** The project is a GIS-based inventory update of maintained trees and stumps found along public rights-of-way (ROW) and in public parks and properties. The inventory consists of DRG's urban foresters locating approximately 8,365 sites and recording the specified information about each site in the inventory database. DRG bases our tree inventory on the *ANSI A300 Part 9* standards.
2. **Summary Report.** DRG uses Lockport's inventory data and industry standards and best management practices to develop a tree inventory summary report upon completion of the inventory. The report will provide comparisons of the previous inventory and the current inventory.

Tree Inventory Work Plan

To ensure that the tree inventory meets the city's goals and deadlines, DRG uses the following work plan.

Step 1. Communication

From project beginning to end, DRG staff keep open lines of communication with Lockport via telephone, e-mail, and, as needed, in-person meetings. DRG answers any questions Lockport has as well as keeps the city apprised of the project's progress.

Step 2. Contract Phase

Once awarded the project, DRG executes a contract and supplies insurance per project specifications.

Step 3. Kick-Off Meeting

DRG staff will contact the city after contract execution to schedule a kick-off meeting. During the kick-off meeting, Lockport's staff and the DRG project team discuss inventory safety and communication procedures and confirm project expectations and milestones.

Step 4. Data Collection

DRG typically begins data collection after the kick-off meeting. Our experienced, qualified urban foresters locate trees and stumps along maintained street ROWs and in public parks and properties, evaluate those trees, and record the data specified by the city. The collected data will be updated daily to the current City of Lockport Treekeeper® program.

Location Accuracy

DRG uses field computers and equipment that meet or exceed this project's location accuracy requirements. Having worked on thousands of tree inventory projects, DRG has found that using a combination of GIS and a customized data collection program provides the most exact data and the most efficient means for inventorying trees. DRG uses our in-house designed GIS software tool in conjunction with ruggedized computers with a GPS receiver to collect inventory data. Under favorable conditions, the equipment allows for sub-meter location accuracy of point data.

Individual Tree Inspection Process

During data collection, DRG's urban foresters walk by each tree and inspect the tree from the ground. Based on the conditions at the time of the inspection, DRG's staff identify the tree's species and its location, measure tree diameter, and rate its health. DRG's urban foresters also assess tree risk and suggest the specific maintenance involved in mitigating that risk as well as collecting all other information at this time. When data collection for an individual tree is complete, DRG's urban foresters walk to the next tree and follow the same steps, in the same order, to ensure consistent data collection.

Data Fields For Lockport's inventory update, DRG will update/confirm the following data fields specified by the city as defined in Appendix A of this proposal:

- | | |
|---|------------------------------------|
| 1. Address (street address and X and Y coordinates) | 7. Defects |
| 2. Species | 8. Tree risk assessment and rating |
| 3. Tree size | 9. Residual risk |
| 4. Multi-stem tree | 10. Further inspection |
| 5. Condition | 11. Overhead utilities |
| 6. Maintenance needs | 12. Date of inventory |

Step 6. Inventory Close-Out

At the end of the inventory project, DRG supplies a one- to two-page project close-out report which spells out the number and types of sites collected, provides information about the species composition and diameter size class distribution, and shows the amount and type of maintenance recommended during the inventory. We provide the report in PDF format within four weeks of inventory completion.

Project Schedule, Tasks, and Deliverables

The following project schedule lists key tasks along with expected completion dates and deliverables. If the city's project schedule differs from what DRG projected, use the information for planning purposes. The start date will be dependent on the acceptance of the proposal. Work can be performed at the end of October or the following spring, depending on the decision of the city on how best to proceed and when the work performed would best capture the work performed since the previous inventory.

Project Schedule (weeks)							
Task	1	2	3	4	5	6	Deliverable
Award	x						Insurance, contract
Kick-off Meeting	x						Meeting summary as needed
Inventory Data Collection and QA/QC		x	x	x	x		Inventory update of 8,365 sites; ongoing field checks; weekly email updates
Inventory Close-Out Meeting						x	If scheduled, usually takes place on the last day of data collection
Inventory Reporting						x	Close-out reports
Inventory Summary Report						x	Data analysis, summary, and recommendations

Client Responsibilities

1. Provide daily contact information and directions during the inventory project.
2. Provide a copy of any existing tree inventory database(s).
3. Coordinate and host a kick-off meeting before the start of fieldwork.
4. The limitations of the Scope of Work as outlined. By accepting this proposal, Lockport accepts DRG's Limited Warranty and agrees that, upon award, this proposal and its attachments will be made a part of the Agreement.

Investment

Tree Inventory

- ☐ Computerized inventory data collection of up to 8,365
Existing trees and stumps for a cost of: **\$18,000**
- ☐ Additional inventory data collection above 8,365 trees/sites at a unit rate of: **\$2.85/site**

Tree Management Plan

- ☐ Option One: Inventory Summary Report **\$1,500**
A brief analysis of inventory data with i-Tree results

Add-Ons

- ☐ Operations Review **\$15,000**
- ☐ Ordinance/Policy Review/Creation **\$5,000**
- ☐ Invasive Insect or Disease Management Strategy **\$5,000**
- ☐ Wood Waste Utilization **\$5,000**
- ☐ Planting Plan **\$5,000**
- ☐ i-Tree Canopy Cover **\$1,700**
- ☐ Storm Preparedness Plan **\$5,000**

This proposal is valid for 60 days.

Authorization to Proceed

The above prices and terms and conditions and warranty are hereby accepted. I am authorized to bind the City of Lockport and authorize Davey Resource Group, Inc. to perform the specified work. I am familiar with and agree to the terms and conditions appended to this proposal. I understand that once accepted this proposal constitutes a binding contract. This proposal is based on an estimated number of trees/sites to be inventoried. Davey Resource Group, Inc. reserves the right to renegotiate the price based on the timing of the award, scheduling of fieldwork, the final methodology chosen by the client, and availability, completeness, and quality of maps and GIS information.

City of Lockport Inventory Update

TERMS AND CONDITIONS

- All pricing is valid for six months from the date of this proposal.
- Time and materials (T&M) estimates may fluctuate and will be billed accordingly. Fixed fee contract prices will be billed as shown.
- Invoicing will be submitted monthly for work performed, unless otherwise agreed upon.
- Payment terms are net 30 days.

- If prevailing wage requirements are discovered after the date of this proposal, we reserve the right to negotiate our fees.
- The client is responsible for any permit fees, taxes, and other related expenses, unless noted as being included in our proposal.
- The client shall provide 48 hours' notice of any meetings where the consultant's attendance is required.
- Unless otherwise stated, one round of revisions to deliverables is included in our base fee. Additional edits or revisions will be billed on a time and material (T&M) basis.
- All reports are provided only to the client unless otherwise directed.

LIMITED WARRANTY

The Davey Tree Expert Company, its divisions, agents, representatives, operations, and subsidiaries (collectively "Davey") provides this Limited Warranty as a condition of providing the services outlined in the agreement between the parties, including any bids, orders, contracts, or understandings between the parties (collectively the "Services").

Davey provides the Services utilizing applicable standard industry practices and based on the facts and conditions known at the point in time the Services are performed. Facts and conditions related to the subject of the Services may change over time. Davey cannot predict or determine developments concerning the subject of the Services and will not be liable for any developments, changes, or conditions that occur, including, but not limited to, decay or damage by the elements, persons or implements, insect infestation, deterioration, conditions not discoverable using the means and methods used to perform the Services, or acts of God or nature or otherwise. If a visual inspection is utilized, visual inspection does not include aerial or subterranean inspection, testing, or analysis. Davey will not be liable for the discovery or identification of non-visually observable, latent, dormant, or hidden conditions or hazards, and does not guarantee that items will be healthy or safe under all circumstances or for a specified period of time, or that remedial treatments will remedy a defect or condition.

Davey may have reviewed publicly available or other third-party records or conducted interviews and has assumed the genuineness of such documents and statements. Davey disclaims any liability for errors, omissions, or inaccuracies resulting from or contained in any information obtained from any third-party or publicly available source.

To the extent permitted by law, Davey does not make and expressly disclaims any warranties or representations of any kind, express or implied, with respect to completeness, accuracy, or current nature of the information contained in the Services or the reports or findings resulting therefrom beyond that expressly contracted for by Davey in the agreements between the parties, including but not limited to, performing diagnosis or identifying hazards or conditions not within the scope of the Services or not readily discoverable using applicable standard industry practices. Davey disclaims any warranty of fitness for any particular purpose. Davey's warranty is limited to one year from the date Services are performed. Davey's liability for any claim, damage, or loss, whether direct, indirect, special, consequential, or otherwise, caused by or related to the Services shall be limited to the Services expressly contracted to be performed by Davey.

Appendix A: Inventory Data Fields

1. **Address/Location**—DRG identifies the location of each tree and stump by the following attributes.
 - a. *Address*. House address.
 - b. *On Street*. The street the tree is physically found.
 - c. *Side*. The side of the house on which the tree stands in relation to the physical address.
 - d. X and Y coordinates in the desired format.

- e. *Park Name*. The name of the park.
2. **Species**—DRG names trees by genus and species using both botanical and common names, and by cultivars where appropriate.
3. **Tree Size**—DRG's urban foresters measure the diameter to the nearest inch in 1-inch size classes at 4½ feet above the ground, or diameter at breast height (DBH).
4. **Multi-Stem Tree**—DRG notes if a tree has multiple stems on trunks splitting less than 1 foot above ground level.
5. **Condition**—Staff consider signs of stress, poor structure, mechanical damage, soil and root problems, disease, and pests in the assessment of tree condition.
 - a. *Good*. A good tree shows no significant problems.
 - b. *Fair*. A fair tree has minor problems that may be corrected with time or corrective action.
 - c. *Poor*. A poor tree has significant problems that are irrecoverable.
 - d. *Dead*. A dead tree shows no sign of life.
6. **Primary Maintenance**—DRG assigns one of the following maintenance needs:
 - a. *Remove*. Trees recommended for removal have defects that cannot be practically or cost-effectively treated. Most trees in this category have a sizable percentage of dead crown.
 - b. *Prune*. Removal of one or more limbs to reduce risk, provide clearance, and restore the tree.
 - c. *Train*. Pruning of young or medium-aged trees to improve tree and branch architecture.
 - d. *Stump Removal*. A stump is present and recommended to be removed.
7. **Defects**—DRG identifies the conditions which indicate the presence of structural defects recording only the most significant condition and limit conditions to the following:
 - a. Dead and dying branches.
 - b. Broken and/or hanging branches.
 - c. Branch attachment (adventitious, codominant, multiple, overextended).
 - d. Trunk condition (canker, bulges, ridges).
 - e. Cracks.
 - f. Decay or cavity (large trunk wound).
 - g. Tree architecture (lean, bows, taper, live crown ratio).
 - h. Root problem (dead, decayed, missing, abnormal, girdling, lack of flare).
8. **Risk Rating**—DRG evaluates risk and assigns a risk rating based on an assessment of the failure mode (i.e., branch, whole tree, codominant stem) with the most significant risk. The specified period for the risk assessment is one year. The risk part of this inventory and evaluation is to maintain compliance with the most recent standards and practices in the arboricultural industry. It is important to note that our inspections are “rapid assessments” and are meant to show a need for further study, and thus are not legally binding in any litigation.

DRG used the following criteria and matrices, based on the *International Society of Arboriculture Best Management Practices - Tree Risk Assessment*, Second Edition (E. Thomas Smiley, Nelda Matheny, and Sharon Lilly 2017), to arrive at a risk rating.

- a. *Likelihood of Failure*. Identifies the most probable failure and rates the likelihood that structural defect(s) will result in failure based on observed current conditions.
- b. *Likelihood of Impacting a Target*. The rate of occupancy of targets within the target zone and any factors that could affect the failed tree as it falls towards the target.

- c. *Consequences of Failure.* The consequences of tree failure are based on the level of target and potential harm that may occur. Consequences can vary depending on the size of the defect, a distance of fall for the tree or limb, and any other factors that may protect a target from harm. Target values are subjective, but DRG staff try to assess them from our client's perspective.

As shown in the matrix below, the likelihood of failure and the likelihood of target determine the likelihood of tree failure impacting a target.

Likelihood of Failure	Likelihood of Impacting Target			
	Very Low	Low	Medium	High
Imminent	Unlikely	Somewhat likely	Likely	Very likely
Probable	Unlikely	Unlikely	Somewhat likely	Likely
Possible	Unlikely	Unlikely	Unlikely	Somewhat likely
Improbable	Unlikely	Unlikely	Unlikely	Unlikely

DRG's urban foresters estimate the risk rating by combining the likelihood of tree failure impacting a target and the consequences of failure in the matrix below. Risk ratings are Low, Moderate, High, and Extreme. A Low Risk tree poses a low overall level of risk. A Moderate Risk tree may pose some threat, particularly during storm events or unusual weather. A High Risk tree presents a high likelihood of tree or tree part failure, even during normal weather conditions. An Extreme Risk tree always poses a significant risk and probability of failure.

Likelihood of Failure	Consequences			
	Negligible	Minor	Significant	Severe
Very likely	Low	Moderate	High	Extreme
Likely	Low	Moderate	High	High
Somewhat likely	Low	Low	Moderate	Moderate
Unlikely	Low	Low	Low	Low

Even though trees may pose multiple risks at once, DRG assigns one risk rating to each tree during the inventory process. The risk rating serves only as a prioritization mechanism and is not a guarantee; Lockport must determine the level of acceptable risk.

9. **Risk Assessment Complete**—Staff record if they are not able to complete the assessment due to obstructions, safety concerns, or other unforeseen site conditions.
10. **Residual Risk**—DRG estimates residual risk as None, Moderate, High, or Extreme for each inventoried tree, assuming that the recommended maintenance was carried out. DRG based residual risk solely on professional judgment, and our assessment of residual risk is not a guarantee or warranty of risk reduction.
11. **Further Inspection**—Trees in this category need added and future inspections due to a variety of issues beyond the scope of a standard tree inventory. Categories for further inspection include:
 - a. Annual inspection (e.g., a tree with a defect requiring annual monitoring).

- b. Recent damage inspection (e.g., a healthy tree affected by recent construction or other damage).
- c. Advanced risk assessment (e.g., a tree with a defect needing added or specialized equipment for investigation).
- d. Insect/disease monitoring (e.g., a tree that appears to have an emerging insect or disease problem).
- e. None.

12. **Overhead Utilities**—For each tree or site, DRG records if overhead utilities are:

- a. Present
- b. Not present.

13. **Date of Inventory**—The date the DRG urban forester collected the data.

041322.19A

By Alderman _____:

Resolved, that the Mayor and Common Council do hereby extend condolences to the family of Charles S. Sobieraski, a retired City of Lockport Police Officer, who served the department for 35 years from 1955-1990, who recently passed away.

Seconded by Alderman _____ and adopted. Ayes _____.

Charles Sobieraski

October 30, 1933 - April 6, 2022

Charles Sobieraski passed away April 6, 2022 in Millard Fillmore Suburban Hospital. Born October 30, 1933 in Lockport, he was the son of Stanley and Katherine (Genewick) Sobieraski.

Charlie served in the US Army 1956 to 1958 and seven years with the National Guard. He was employed with the City of Lockport Police Department for 35 years. Charlie served on the Lockport School Board for over 20 years, 12 years he served as President of the Board. He was active with the Lockport Little Loop, was a volunteer coach for Lockport Little League Baseball and Lockport Little Loop Football, served on the board for Lockport Midget Baseball League for over 40 years, and ran the Little Beavers Club for kids. Charlie enjoyed attending his grandkids sporting events and he enjoyed bowling.

He was predeceased by his first wife, Marilyn (Conley), whom he was married to for 40 years; and his brother, John Sobieraski.

Charlie is survived by his wife, Elaine Farchione Sobieraski; children, Michael, Dawn (Rich) Smith, Mark (Anne), David (Kathy), and Dennis; step-children, Joe (Mary) Farchione, James Farchione, and Jennifer Vogel; grandchildren, Lea, Emma, Charlie, and Hanna; step-grandchildren, Rowan, Hannah, Patrick, Samuel, Joey, Jake, and Luke; in-laws, Dick (Sally) Conley, Constance Conley, and Donna Cameran; also several nieces and nephews.

Relatives and friends are invited to a Mass of Christian Burial to be celebrated Monday, April 11th at 10 AM in All Saints Parish, 76 Church St., Lockport. Entombment will be in Glenwood Mausoleum.

In lieu of flowers, memorials to Lockport Little League, P.O. Box 1179, Lockport, NY 14095 would be appreciated by the family. Visit pruddenandkandt.com.

Mass of Christian Burial

Monday April 11, 2022
10:00 AM

All Saints Parish
76 Church Street, Lockport, NY,
United States

041322.19B

By Alderman _____:

Resolved, that pursuant to their request, Towne Housing Real Estate, 885 Niagara Street, Buffalo, NY, is hereby granted permission to place a dumpster in the city right-of-way at 38 John Street, from Thursday, April 14 through Friday, April 15, 2022, for the duration of their renovation project. Said permission is subject to Towne Housing Real Estate filing a certificate of insurance with the City Clerk naming the City of Lockport as additional insured.

Seconded by Alderman _____ and adopted. Ayes _____.
