By Alderman Fogle:

Whereas, the Lockport Fire Department's ("LFD") 1997 Aerial Platform Truck has logged 6,000 engine hours, has mechanical problems and the city has difficulty finding replacement parts because the manufacturer has gone out of business, and, having reached its life expectancy, is in need of replacement; and

Whereas, Brighton's truck is available for \$150,000, and the Fire Chief, with the support of the Board of Fire Commissioners, desires to purchase said truck; now, therefore, be it

Resolved, that the Common Council approve the purchase of a 2001 Pierce Aerial Platform Truck from Brighton Fire District, VIN# 4P1CT02S81A001256, for the asking price of \$150,000 ; and be it further

Resolved, that the Fire Chief is authorized to advertise the sale of the department's current 1997 Aerial Platform Truck on Auctions International, with the stipulation that its availability is contingent upon receipt of a replacement truck.
