City of Lockport Traffic Advisory Committee 3/21/22

Members Present:

Roger Pittis Citizen(V) Rich Clark Citizen (V) Lt. Pittman LPD P. McGrath, City Attorney Chief Abbot LPD C.Dimmick Highway and Parks

Lt Pittman: Alderman Beakman and Mayor Roman (V) in attendance to discuss moving forward with a resolution to allow overnight parking from Nov 1st to Apr 1st. They would like COLTACT to discuss the impact this would have on the City. The impact of overnight parking effecting emergency vehicles as discussed. Also certain streets were discussed as being exempt from overnight parking due to being too narrow. Lt Pittman made a motion to hold a special meeting on 4/4/22 and discuss only overnight parking. This way Chief Qualiano LFD AND Mike Hoffman H/P could be in attendance. At this meeting COLTAC would advise or not to allow overnight parking from 4/1- 11/1.

Lt Pittman: The reserving of parking spaces downtown for residents of UPT was discussed. Mayor Roman advised that Mr. Ulrich agreed to give back 5 parking spaces 2 in the Pine St Lot and 3 in the Main St Lot back to the City. Mayor Roman spoke with a social worker at the towers advised they would need thirty parking spaces and ten handicapped spaces to accommodate their parking needs. Their request did not appear to be realistic. After discussion, COLTAC decided that the aforementioned five parking spaces along with a number of spaces in the Library Lot could be reserved for the residents of UPT. The price of the parking permits allowing the residents to utilize these spaces was discussed and agreed to be unaffordable to the residents. Mayor Roman suggested a \$20.00 fee be charged to residents of UPT applying for permits. Mayor Roman suggested she will facilitate this fee through a MOA.

Lt.Pittman: Parking issues at M. Carter was again discussed. The business had reportedly placed a parking sign on a public street. Chief Abbott agreed LPD will investigate this issue.

Next regular meeting scheduled for 4/18 at 3:00 pm.
