REQUESTS FOR PROPOSALS

The City of Lockport is requesting sealed proposals for

Lockport Fire Department – 2008 Ford E450 Motor Rebuild

Notice is hereby given that sealed proposals for the services above will be received and considered by the City of Lockport up to 2 pm on March 8th at the office of the City Clerk, municipal building, One Locks Plaza Lockport NY, 14094.

Proposers will provide one written quote that contains the total cost of the rebuild project.

Please contact City Clerk Sarah Lanzo at 716-439-6776 or cityclerk@lockportny.gov with any questions.

The City of Lockport, NY reserves the right to reject any or all proposal, to consider the reputation and experience of the Proposal in making its selection; to waive any informalities or minor deviations from the proposal form, and to award work to other than the lowest quote, if good and sufficient reasons, it is considered in the best interest of the City of Lockport to do so. The City will not reimburse any costs associated with the preparation of RFP(s).

Publish Date: March 1, 2024

1. Introduction

On February 28, 2024 the City of Lockport Common Council Finance Committee approved the Fire Chief's request to seek bids to rebuild the motor on ambulance #65, a 2008 Ford E450 Braun, in order to preserve its purpose as a reserve ambulance within Fire Department ambulance operations.

The department utilizes four ambulances within its operation to ensure uninterrupted service to the citizens of the City of Lockport. One of which is a reserve unit that rotates into service whenever one of the other three front line vehicles requires maintenance or repair.

As of February 2, 2024, ambulance #65 has been out of service due to engine issues and the recommendation from City Mechanics is to have the engine rebuilt in order to ensure reliable operation of the unit for the next several years.

2. Scope of Project

The project must include, but necessarily be limited to, the following work:

- New head gaskets & ARP head studs
- Updated oil stand pipes & dummy plugs in both high pressure oil rails
- New injectors
- New high pressure oil pump w/upgraded S.T.C fitting
- New IPR valve, ICP sensor & pigtail connectors
- New oil cooler
- Updated egr cooler kit
- New fuel pump
- Updated fuel pressure regulator kit
- New glow plugs w/harnesses
- New turbo
- New water pump
- Replace front & rear main seals
- 2 new alternators w/belts & tensioners
- Labor costs associated with removal of motor/performance of work above/reinstallation of motor upon completion of work
- Labor costs to disassemble & reassemble the front of vehicle to allow motor removal & replacement

If required, vendors may elect to discuss with City officials to determine greater specifics as required. If desired, please contact Fire Chief Luca Quagliano at lquagliano@lockportny.gov or 716-439-6611.

3. Selection Process

It is intended that the Council will be voting on this bid on March 13, 2024. A committee will be appointed by the Mayor that will evaluate the submissions. Please note that this RFP does not obligate the City to select a bidder or accept a bid at this time or any time in the future. The City can at its sole discretion revise the requirement, scope, and selections process for this RFP at any time.
