Whereas the City of Lockport (hereinafter "local government") believes that the lack of housing for New York residents of all ages and income levels negatively impacts the future of New York State's economic growth and community well-being;

Whereas the housing crisis has negative effects at regional and local levels, we believe that every community must do their part to contribute to housing growth and benefit from the positive impacts a healthy housing market brings to communities;

Whereas we believe that supporting housing production of all kinds in our community will bring multiple benefits, including increasing housing access and choices for current and future residents, providing integrated accessible housing options that meet the needs of people with sensory and mobility disabilities, bringing economic opportunities and vitality to our communities, and allowing workers at all levels to improve their quality of life through living closer to their employment opportunities;

Whereas we believe that evidence showing that infill development that reduces sprawl and supports walkable communities has significant environmental and public health benefits; and

Whereas we believe that affirmatively furthering fair housing and reducing segregation is not only required by law, but is essential for keeping our community strong and vibrant;

Now, therefore, it is hereby resolved that City of Lockport, in order to take positive steps to alleviate the housing crisis, adopts the Pro Housing Communities pledge, which will have us endeavor to take the following important steps:

To Whom It May Concern,

My name is Dalvan Robinson and I am the homeowner for residence at 79 South Street. I would like to request temporary street closure for a family gathering on Sunday July 28, 2024 starting at 12 Noon and ending at 8 P.M. I am requesting street closure on South Street at the intersections of Locust Street and Elmwood Court. An estimated number of people to be present is approximately 100-120. This group will include many minor children and my request for temporary street closure is related to the need for safety of the children that will be in attendance. In addition I would like to note that this area is a one way routed street and as a resident of this neighborhood on a daily basis I see vehicles enter against the flow of this one way and vehicles travel at a very high rate of speed which is concerning.

Thank you and I appreciate your time

Kind Regards,

Dalvan Robinson

Attachments: Model-pro-housing-resolution_Lockport_6.24 (1).docx

Good afternoon Sarah,

The attached is a resolution that I was hoping to get on the next Common Council Agenda regarding the city's intent to become a Pro Housing Community. In July 2023, Governor Hochul signed Executive Order 30 creating the Pro-Housing Community Program – an innovative policy designed to reward local governments that are working hard to address New York's housing crisis.

Localities must achieve the "Pro-Housing Communities" certification to apply to key discretionary funding programs, including: the Downtown Revitalization Initiative (DRI), the NY Forward program, the Regional Council Capital Fund, capital projects from the Market New York program, the New York Main Street program, the Long Island Investment Fund (LIIF), the Mid-Hudson Momentum Fund, and the Public Transportation Modernization Enhancement Program (MEP).

The attached resolution is one step in the process of the city becoming a "Pro Housing Community."

Thanks in advance for your help!

Best,
Heather

To Whom It May Concern,

My name is Dalvan Robinson and I am the homeowner for residence at 79 South Street. I would like to request temporary street closure for a family gathering on Sunday July 28, 2024 starting at 12 Noon and ending at 8 P.M. I am requesting street closure on South Street at the intersections of Locust Street and Elmwood Court. An estimated number of people to be present is approximately 100-120. This group will include many minor children and my request for temporary street closure is related to the need for safety of the children that will be in attendance. In addition I would like to note that this area is a one way routed street and as a resident of this neighborhood on a daily basis I see vehicles enter against the flow of this one way and vehicles travel at a very high rate of speed which is concerning.

Thank you and I appreciate your time

Kind Regards,

Dalvan Robinson

Whereas, Tru Commercial Development, if awarded funding, has committed to the 25% match requirement of approximately \$115,000 and to completing the project;

Now therefore let it be

Resolved, that pursuant to their request, the Greater Lockport Development Corporation is hereby authorized to submit a New York Main Street grant through the 2024 NYS Consolidated Funding Application on behalf of a business and property owner in the City of Lockport, as identified by the GLDC, for the purpose of rehabilitation and renovation;

Please provide a brief but specific description of what the requested funding amount will be used for (equipment, personnel, program, etc.)

We would be using the funds to replace our in car PC terminals due to our current car PC's being a couple of years old and several patrol vehicles being without PC terminals.

We would be using the funds to buy spare and replacement radios for the patrol division

We would be using funds to start a drone program within the City of Lockport Police Department.

We would be using funds to replace our old interview room video recorder for the Detective Division. Our current video recorder in the Detective Office is well over 20 years old.
