**Whereas** Section 155-7 A (Solid Waste) of Chapter 158 of the City Code states that unpaid residential and commercial user fees for collection of refuse and recycling shall be the personal liability of the owner, and

**Whereas** any delinquent assessment, penalty, charge or fee remaining unpaid by May 15 is added to the upcoming year's tax bill for the parcel of property against which it is a lien, and

**Whereas** the amount added to taxes shall include late payment charges accrued through June 30 plus an additional administrative charge equal to \$15 for each delinquent account, and

**Whereas** late payment charges shall not continue to accrue after June 30 against any assessment, penalty, charge or fee which is added to taxes, and

**100825.5**

By Alderman Fogle:

**A RESOLUTION IN SUPPORT OF CONGRESSMAN NICK LANGWORTHY'S ENERGY CHOICE ACT (H.R. 3699, S. 1945) AND IN OPPOSITION TO GOVERNMENT-MANDATED NATURAL GAS BANS**

**Whereas** affordable and reliable energy is essential to the health, safety, and economic prosperity of New York families, businesses, and communities; and

**Whereas** natural gas remains a dependable, cost-effective, and clean-burning energy source used by millions of New Yorkers to heat their homes, cook their food, and power their businesses; and

**Whereas** in 2019, New York State enacted the **Climate Leadership and Community Protection Act (CLCPA)**, which mandates aggressive emissions reductions and serves as the foundation for sweeping energy restrictions, including efforts to phase out natural gas; and

**Whereas** building on the CLCPA, Governor Kathy Hochul and the New York State Legislature in 2023 enacted provisions in the state budget banning natural gas and other fossil fuel hookups in most new residential and commercial buildings, effective 2026 for smaller buildings, and 2029 for larger buildings, thereby eliminating consumer choice and limiting access to affordable energy; and

**Whereas** Governor Hochul has publicly supported these bans and related measures as part of her administration's climate and energy agenda, despite widespread concerns that such mandates will increase costs, strain grid reliability, and restrict energy diversity; and

**Whereas** these top-down policies undermine affordability, threaten reliability during peak demand, and strip away the freedom of consumers and businesses to choose the energy sources that best meet their needs; and

**Whereas** Congressman Nick Langworthy of New York and Senator Jim Justice of West Virginia introduced the **Energy Choice Act (H.R. 3699, S. 1945)**, federal legislation that ensures state and local governments cannot restrict consumer access to natural gas and other affordable energy sources, thereby protecting freedom of choice for New Yorkers and all Americans; and

**Whereas** the Energy Choice Act would safeguard households, small businesses, hospitals, farmers, and manufacturers from harmful government overreach and preserve access to an “all-of-the-above” energy strategy that strengthens reliability and affordability;

**Now, therefore, be it resolved**, that the City of Lockport, NY strongly supports the Energy Choice Act as introduced by Congressman Langworthy (H.R. 3699) and Senator Justice (S. 1945) and stands firmly opposed to New York State’s natural gas bans, the CLCPA-driven restrictions, and other state energy mandates that eliminate consumer choice; and

**Be it further resolved**, that the City of Lockport, NY urges Congress to pass the Energy Choice Act to defend consumer choice, protect energy affordability, and preserve reliable access to natural gas for New Yorkers; and

**Be it further resolved**, that copies of this resolution be sent to Congressman Nick Langworthy, Senator Jim Justice, the New York Congressional delegation, Senators Chuck Schumer and Kirsten Gillibrand, Governor Kathy Hochul, and leadership of the New York State Legislature.

Seconded by Alderman Devine and adopted. Ayes 6.

**100825.6** Withdrawn.

**100825.7**

By Alderman Fogle:

**Resolved** that pursuant to the request of Venissa Martinez, property owner of 1 Remick Parkway, permission is hereby granted to maintain and/or replace a historic fence and yard, and perform any necessary sewer service repairs therein, in the City’s right-of-way at 1 Remick Parkway, subject to the following provisions:

2. Payment of a one-time payment of the revocable permit fee of \$100.00

Mr. Mayor,

SEP 24 2025  
CITY CLERK OFFICE

You walked our street Lindhurst Dr. and surrounding streets with Anita Mullane and me this summer viewing the deterioration of the surfaces and curbs, along with the many potholes. We talked about the continuous flooding of our street from the creek behind Briody's in heavy rains and how many of our basements were flooded as we lost large amounts of furniture and many memories.

The parts of Hoover Parkway, Nixon Place and Eisenhower Dr. were in terrible shape with potholes that were very deep and damaged cars.

You listened to Anita and I that day and left. Soon the potholes were filled in, but now they are wearing away and sinking.

I don't understand with all this beautiful weather and the money is there to repave our streets, way this hasn't been done. Before you know it, the city workers will be collecting the Fall leaves and preparing the winter equipment for the snow. And then when Spring arrives our streets in this area, and I assume other areas of the city, will be in worse shape.

Please don't ignore our city and your constituents!

JOHN,

I AM UNABLE TO GO TO THE MEETING TONIGHT. I AM GRATEFUL FOR THE STREETS THAT HAVE BEEN PAVED.

I REALLY THINK THAT EISENHOWER & HOOVER CORNER SHOULD BE PAVED. IT WAS PATCHED BUT IS STILL HARD TO DRIVE ON THAT CORNER. LINNHURST DRIVE HAS SINK HOLES THAT HAVE BEEN PATCHED AND ARE SINKING AGAIN.

THE WHOLE CITY HAS GRASS & WEEDS GROWING FROM THE CURBS. I DON'T THINK THE STREET SWEEPER WILL REMOVE THEM. I SEE IT ON EVERY STREET UNLESS SOMEONE HAS CLEARED OUT IN FRONT OF THEIR HOUSE OR BUSINESS.

I THINK A GUARD RAIL SHOULD BE PUT UP AT THE END OF HOOVER AND LINNHURST DRIVE. THE STREETS DON'T GET CLOSED OFF SOON ENOUGH AFTER A FLOOD. AND CARS & FIRETRUCKS HAVE DRIVEN OVER THAT CURB.

THANK'S FOR LISTENING TO ME.

**Attachments:** Draft\_Resolution\_for\_Counties\_RE\_Energy\_Choice\_Act.docx

Hello Mayor Lombardi

This is Jesse Prieto, reaching out on behalf of Congressman Nick Langworthy, to encourage your community to join the fight to stop Governor Kathy Hochul's ban on natural gas and propane.

If you are unaware – It is already State Law (passed through the budget) that will take effect January 1, 2026 . In just three short months, it will be illegal to use propane, natural gas, or any other non-“green” energy source in new residential and commercial construction. This reckless policy is one of the root causes driving energy prices higher across our region.

Attached you will find a pre-drafted resolution that we are asking every village, town, city, and county to pass this month. By doing so, you will send a clear message to Albany and help support Congressman Langworthy's **Energy Choice Act**—legislation he authored to ensure that this ban and any future restrictions on safe, legal energy sources are made unlawful.

We are keeping record of all communities that pass this resolution. Please let us know once your board has acted so we can add your community to the growing list of supporters.

Thank you for your leadership and partnership in defending energy choice for Western New York.

Best regards,

**Jesse Prieto – 716-525-5170**
