City of Lockport HOME Rehabilitation Program Update

Thank you for your interest in the City of Lockport's HOME Rehabilitation Program. This program assists eligible homeowners with essential repairs that improve safety, livability, and overall housing conditions.

At this time, we are no longer accepting new applications due to the high volume already received. We are actively reviewing and processing current applications and appreciate your patience during this time.

If you would like to be considered for future funding opportunities, please contact the Program Administrator or visit the Community Development Office to sign up for our contact list. This will ensure you are notified when the next application round opens.

We appreciate your interest and your commitment to maintaining and improving your home.

For more information, please call or stop by our office during regular business hours.
